NATIONS RAILROAD WAGE BILL INCREASED

DECISION OF LABOR BOARD ADDS SEVERAL MILLIONS TO PAYROLLS

Increase of Two Cents an Hour Granted to Maintenance of Way Employees Affects More Than 450,000 Men—Ruling Marks a Victory of Public Group of the Board

CHICAGO, Oct. 14.—The wage bill of the nation's railroads was increased an estimated \$22,125,000 by a decision of the railroad labor board today granting increased pay of two cents an hour to more than 450,000 maintenance of way employees. Four of nine groups of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Workers were affected by the raise, the largest single group being common laborers. The decision increased minimum rates of pay for the classes affected from 25 and 35 cents to 27 and 37 cents.

Chairman Hooper of the labor board said the board based its finding on a general upward trend in wages since the board's decision of last June reducing wages for this and other groups of workmen, and not on any pronounced change in living costs.

Today's decision marked a victory for the public group of the board which proposed the two cent increase, the proposal being rejected at first by three members of the railroad group who favored a much larger increase.

ANOTHER WEEK OF GRACE IS GIVEN TO FOREIGN SHIPS

Will Not Apply Liquor Ruling to Ships for the Present

WASHINGTON, Oct. 14.—Foreign shipping today was given another week of exemption from application of Attorney General Daugherty's liquor transportation ruling. Prohibition Commission members after a conference with President Harding announced that regulations based upon the attorney general's ruling that liquor cannot legally be brought within American territorial waters would not be applied to foreign ships leaving their home ports before next Saturday.

This announcement countermanded a previous one made by the prohibition enforcement authorities of the government making the application to all foreign vessels leaving their home ports after today. The extension first was interpreted to apply also to American privately owned vessels but inquiry at the office of the prohibition unit brought forth the explanation that only foreign craft were to be given the additional week of grace.

Accordingly all American privately owned ships leaving foreign ports after midnight tonight will be held to have violated the prohibition enforcement act if they attempt to bring liquor, either sealed or unsealed, within the three mile limit.

ILLINOIS OPERATORS OUT OF ASSOCIATION

ST. LOUIS, Mo., Oct. 14.—W. K. Kavanaugh, president of the coal operators' association of the fifth and sixth districts of Illinois today announced the association had withdrawn from the National Coal Association, as it was felt the latter association was no longer serving the purpose for which it was formed—that of publicity and fact finding.

The Illinois Coal Operators' association and the Central District Coal Operators' association of Illinois also are reported to have withdrawn from the national association. The three associations represent a production of 90,000,000 tons annually, it was said.

Central Christian church is to have a new pipe organ. The instrument has already arrived and the work of installing it will begin the first of the week. Calvin Brown arrived Saturday from the factory and will superintend the assembling of the organ.

The instrument is one of the latest models and of much larger size than the old one.

ARMY AVIATORS FURNISH THRILLS IN BIG AIR RACE

Travel at Such Terrific Speed They Become Unconscious

(By The Associated Press)
MOUNT CLEMENS, Mich., Oct. 14.—Unconscious at times due to the terrific speed at which he flew, a man's consciousness was haunted by fears from the condition of his wife, who momentarily expected to become a mother, Lieutenant R. L. Maughan, an army aviator flying an army-Curtiss high speed pursuit plane won the Pulitzer trophy aerial race today. He traveled the 186 mile course at an average speed of 206 miles an hour.

The race, run in three flights and replete with sensational achievements resulted in the smashing of world records both official and unofficial for 50, 100 and 200 kilometer courses.

Lieutenant L. J. Maitland, pilot of a sister ship to that of Maughan, was second in the Pulitzer competition but his honors in that respect were overshadowed by the terrific speed he attained on one lap of 50 kilometers. He covered the distance at the rate of 216.1 miles an hour, faster than any one ever flew in a race.

For the 100 kilometer course during the race he averaged 207.3 miles an hour another world record. Maughan's plans is the one that made a world record of 220 miles an hour over a one kilometer course at Garden City, Long Island recently.

Seven fliers, two of them United States navy entries, the remainder representatives of the army, shattered the world's record for 200 kilometers or more when they exceeded 178.4 miles an hour the mark established Sept. 4 in France.

Lieutenant Maughan had the best speed for the distance a rate of 206 miles, his average speed for the entire 186 mile course.

One plane the "Navy Mystery Ship" piloted by Lieutenant L. S. Sanderson of the marine corps was forced out of the race during the fourth lap by engine trouble. Sanderson plunged with his plane in a Lake St. Clair, but escaped unhurt. Captain St. Clair Street landed his Verville-Sperry between two trees a mile from Selfridge field. He was not hurt but a wing was torn off the plane. When he brought his plane to earth, Lieutenant Maughan was exhausted. Major General Mason M. Patrick, chief of the army air service, Rear Admiral W. A. Moffet, chief of the naval bureau of aeronautics and Edwin Denby, secretary of the navy rushed to him. Major General Patrick patted the lieutenant on the head and Secretary Denby was so overcome he burst into tears.

Lost Consciousness.
"All the time during the race I was thinking about a telegram I had been expecting announcing the birth of a child to Mrs. Maughan," the winning aviator said, when he was able to talk. "I was lost four times in the haze and was stunned at each of the 15 turns. My worst moments were at one turn when I lost confidence and then became unconscious. On the straightaway, I came to."

The terrific speed told on Lieutenant Maitland. After the lap in which he made 216.1 miles an hour his air pressure, feeding gasoline to his motor broke down, and he was forced to use an emergency hand pump. Throughout the race the air at a speed in excess of 200 miles an hour Maitland was obliged to pump first with one hand and then with the other. When he finished behind his quarters before he could be revived. Ensign J. W. Williams, Jr., had a thrilling experience when a fire extinguisher in his plane broke, a piece of it knocking him off. He had great difficulty in arranging the helmet while plunging on more than three miles a minute. Fumes from the broken extinguisher sickened him.

In setting a world's record for the 50 kilometer course Lieutenant Maitland turned at the pylons so fast that his ship was almost upside down and he was so close to the ground that the plane skimmed the grass.

Lieutenant Maughan is 29 years old and is a native of Logan, Utah. He is officially credited with having brought down four enemy planes while serving in the army service in France. He wears the Distinguished Service Medal. His post is at Mather Field, California.

Lieutenant Maitland is attached to Bolling Field, Anacostia, D. C.

ESCAPED PRISONER TAKEN AT TOLEDO

(By The Associated Press)
PONTIAC, Ill., Oct. 14.—William Pickler, who with Thomas Raymond of Chicago escaped from the Illinois State Reformatory Tuesday night was captured by the police of Toledo, Ohio, last night, institution officials were advised today. No trace of Raymond has been found.

The two were employed in the engine room of the institution. Seeing the bars of a window grating they escaped into the reformatory yard and with a piece of gas pipe they ran to the wall. Hooking the end of the gas pipe over the wall they scaled it and let themselves down on the outside by means of a stolen rope.

DRY WORKERS TO HOLD CONFERENCE

Local anti-saloon league workers have arranged for two conferences to be held in Grace church next Friday afternoon and evening. Address will be delivered by Dr. Yule of Springfield, and other persons prominent in the movement. Delegates from all churches, Sunday schools and Y. P. S. C. E. organizations in the county are expected to attend, and all persons interested are invited.

BUYS RESIDENCE

Noah Ornelas has purchased the residence of Charles Johnson on West Chambers street and will occupy it at an early date. The property is modern in every respect and will make a most desirable home. The sale was negotiated by C. O. Bayha.

Grand Opera House Has Checkered Career

The Opera House building, which several weeks since passed to the ownership of A. A. Curry, and the management of T. S. Scott has had a somewhat checkered career. This means that the property has passed thru an unusually long list of owners. The legal description of the Opera House property is Lot 57 and the west half of Lot 56 in the original town (now city) of Jacksonville.

The real estate, with some adjoining, was entered in February, 1825, by Isaac Dial. A short time later the land was deeded to Morgan county commissioners, and later the commissioners, who were at that time Daniel Leib and Samuel Bristow, deeded the property to the plat of the town of Jacksonville.

Early transfers were numerous and along about the year 1842 Ira Davenport and Patsy Davenport, his wife, sold the property to Smiley H. Henderson for \$1,000. The property remained in the possession of the Henderson family for more than forty years, and was purchased by J. H. Osborne in 1888 for \$1,775. This, however, represented only a part of the purchase price, as other heirs made separate deeds to Mr. Osborne, the total consideration for the property amounting to about \$12,000.

Built in 1891
It was in April, 1891, that Mr. Osborne conveyed a two-thirds interest in the property to Charles L. and William L. Routt. In that year the old building was razed and a new one, today known as the Grand Opera House building, was erected.

The principal contract was in the hands of the F. W. Menke Stone & Lime Co. of Quincy. Mr. Miller was the architect and the building at that time counted one of the finest in this part of the state, represented an expenditure of more than \$100,000.

The death of C. L. Routt occurred two years later and he directed in his will that his one-third interest in the building be sold. In 1895 the one-third interest owned by Mr. Routt was transferred by the executors of estate to J. H. Osborne, who thus became the owner of two-thirds of the property.

Shortly afterward Mr. Osborne transferred one-sixth interest in the property to William R. Routt, and the two thus became joint and equal owners.

In July, 1902, Mr. Osborne and Mr. Routt sold the property to Dr. William A. Gray of Peoria for \$14,300. The sale was made subject to a mortgage for \$25,000 and the vendors reserved a lien of \$14,300.

Dr. Gray continued as owner of the property until 1905, when he sold it to William L. Alexander. The following year Mr. Alexander made a transfer to Charles H. Widener, the consideration in this and the preceding transfer appearing on record as \$100,000.

April 25, 1910, Mr. Widener sold his holdings to C. J. Keiser and J. H. Holmes, who continued as the owners until Feb. 17, 1911, when they transferred the property to C. S. Hunter. Within less than a month Mr. Hunter sold the property to A. C. Kelly, and a few weeks later H. L. Hunt became the Opera House building owner.

Back to Original Owner
During these years William R. Routt had carried a mortgage of about \$38,000 on the property and in June, 1911, Mr. Hunt made a quit claim deed to the property to Mr. Routt. About the same time foreclosure proceedings resulted in the complete vesting of the title in the property in Mr. Routt, one of the original owners.

In February, 1914, Mr. Routt sold the opera house to Michael Dore and ten days later W. W. Parrish became the owner. On that very date Mr. Parrish transferred the building to Fletcher Hopper, Harry Hoffman and Bert E. Sutton. The two Jacksonville men and Mr. Sutton whose home was in Springfield, remained in ownership of the building until March 1916, when they made a transfer to T. D. and T. J. McVay of Pike county. Soon afterward the McVays sold their holdings to T. J. Griswold, and it was in March, 1917, that John Anderson of Springfield acquired the title.

Under Mr. Anderson's ownership some extensive changes were made in the building and various mortgage complications coming on brought about the sale of the property. Most of the transfers of the building represented real estate trades and while some owners made profit others no doubt contracted losses.

Certainly very few pieces of Jacksonville property have passed into such a long series of ownerships.

SPECIAL AGENT OF CHICAGO & ALTON LEAVES SERVICE

W. S. Cain After Forty Years With Road Retires Today

(By The Associated Press)
BLOOMINGTON, Ill., Oct. 14.—W. S. Cain, for over 40 years with the Chicago & Alton railroad as special agent has resigned his position effective Sunday.

Mr. Cain is rated one of the best informed men on criminals, their methods and workings. He began with the Alton as a boy at a time when the road was beset with crooks and confidence men.

In ten years of service he cleared the road of this sort of evil and it has never had to face the same situation again.

The list of convictions made by Cain who is a native of St. Louis, would make livelier reading than any exploits accredited to the James Boys.

An instance of his devotion to his labors is pointed to that he was so absorbed in an investigation and that this kept him away from his sick child that when he did get home he found his baby dead.

LITTLE HILARITY IN JONES FAMILY

MIDDLETON, O., Oct. 14.—Torn between two emotions, joy over Howard's victory, sorrow for Tad's defeat, there was little hilarity among the other members of the Jones family, as they gathered in the Excelsior homestead, a few miles from here tonight and talked over the Iowa-Yale game played today in the New Haven bowl.

Mrs. T. A. Jones, mother of the two coaches, had hoped for a tie game. After hearing the result she expressed the belief that Tad's team would have had at least a tie score had all of the Yale regulars been in the lineup.

Only one of the family saw the inter-sectional clash. He was Tom Jones, the youngest member and brother of Howard and Tad, and one of the four brothers who have graduated from Yale.

SEPTEMBER WAS FREAK MONTH SO SAYS MR. ROOT

Highest Temperatures of the Summer Occurred in This Month

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 14.—September was a freak in weather annals, according to the monthly report of Clarence J. Root, government meteorologist issued here today.

For the first time in many years the highest temperatures of the summer occurred during the month and these were recorded in the northern part of the state, the report stated. In 12 stations in the central and southern divisions of the state maximum summer temperatures were recorded in September and at Dubuque and Davenport, Iowa, the maximum temperatures were exceeded.

This September had more clear weather than any September in 25 years and at many stations the rainfall was the lowest ever recorded.

Temperatures were generally in the nineties the early part of the month especially in the north and at some stations it soared as high as 103, according to the report.

The precipitation was above normal at only ten stations in the state and nine of these were north of the Illinois river. South of the Illinois the deficiencies in precipitation ranged from one to four inches.

STARTED FOR LEGION MEETING SATURDAY

Charles Kahl, Glen Skinner, Harry Herring and Mr. and Mrs. Clarence Walsh left Saturday afternoon for New Orleans to attend the national convention of World War Veterans, which convenes in the Crescent City Monday.

At St. Louis the Jacksonville delegation will be joined by the delegation from Springfield and the two parties will be assigned a Pullman car which will carry them to the convention over the Illinois Central. The Jacksonville representatives are due to arrive in New Orleans Sunday night at 9 o'clock.

AUTHORITIES IN DOUBLE SLAYING HAVE NEW LEADS

Detective Says They Come from Private Investigators

(By The Associated Press)
NEW BRUNSWICK, Oct. 14.—While steps were being taken by the prosecutors of Middlesex and Somerset today to turn over the entire investigation of the double slaying a month ago of the Rev. E. W. Hall and Mrs. Eleanor Mills to the attorney general's staff, County Detective Totten said that the two latest "leads" in the case had been taken from private investigators.

The first of these leads is said to have been put forward by Julius Braun, a private detective retained by Charlotte Mills, daughter of the slain woman.

Braun's theory that the slayer and the choir singer were seized separately and carried in two automobiles about the Somerset county orchard where their bodies were found, is receiving consideration Detective Totten said. Totten declined to divulge the second lead but said that it had been turned up by four men whom "I have had working for three weeks and working so quietly that no one but myself has known of the work."

This lead the detective admitted had its inception in the fact that when the bodies were found the rector's eyes had been carefully closed, while those of the slain choir singer had been left staring.

A rumor that the county detectives had "definitely connected" the name of James Mills, husband of the slain woman, with the investigation reached Mills at his home. He hurried to Prosecutor Stricker and denied he was the slayer or had been connected with the killing.

Prosecutor Stricker explained that there was no truth in the rumor.

Mrs. Hall issued a statement thru her attorney answering the attack of the authorities on her reason for asking the state take entire charge of the case.

She said this was to prevent further "bawling."

She admitted in her statement that she had never had any cause to doubt the fidelity of her husband and says that she had never heard any rumors against his name.

MR. LONERGAN AWARDED STATE CONTRACT

A telegram received by Mayor E. E. Crabtree yesterday from the state highway department announced that the state has awarded the contract to the Lonergan Construction Co. for the Morton road just east of the city. This award is contingent upon Mr. Lonergan also receiving contract for the city's part of the work.

"I know the difficulty of any man without adequate gifts who has to carry thru life a great name. He has actually excommunicated us from the liberal party. Well, (the papacy is) not a hereditary office. What service has he rendered liberalism? I know of none, except one—he is the best living embodiment of the liberal doctrine that ability is nothered."

Some of his strongest points in defense of the government's near eastern dealings were that the Turks had slaughtered since 1914 a million and a half Armenians and half a million Greeks; that to give way to them would be to sacrifice the greater part of the victory won over Turkey in the great war; that an "I am my brother's keeper" never has been a doctrine of liberal party.

The premier also had reproach for France.

"A few weeks ago," he said, "the French government sent us a message that if the Turks or Greeks entered the neutral zone they would have to be resisted by force. We thought they meant it. How were we to believe it was only intended for one side?"

Dealing with the charges that his administration had muddled near east affairs Mr. Lloyd George asserted that they inherited the situation from their predecessors, Asquith and Gray. Replying to criticism that he should have employed the sort of diplomacy Sir Edward Grey exercised before the world war he retorted that had been the most calamitous diplomatic failure the world had ever known.

The impression made on most of his auditors were that the premier does not propose to have an early general election, part of the press charging that an election before the conservative convention in November would be a political trick. The inference which may be drawn was that Mr. Lloyd George will wait to see whether that convention commits

PREMIER GEORGE MAKES POWERFUL SPEECH SATURDAY

Delivers Address as a Liberal at Manchester, the City of His Birth—Speaker Pours Ridicule on the Son of Gladstone—Defends the Various Policies of the Administration

(By The Associated Press)
MANCHESTER, Oct. 14.—Premier Lloyd George dealt with the crisis which the Near Eastern events have forced upon the government in a characteristic and powerful speech in the city of his birth this afternoon.

While he spoke as liberal to liberal and chose a city remote from the capital for staging his oration, according to the long custom of British statesmen, he was not speaking primarily to Manchester, but to Great Britain and the empire.

The prime minister's speech evidently was more carefully prepared than is usual with him. It was principally a defense of the government's policy, but it was the sort of defense Lloyd George likes, because it gave him plenty of opportunity for his favorite strategy of "offensive defense," which with him means dealing hard blows at his critics and going into personalities so sharp they shock the old fashioned conventional statesmen.

What the country awaited most curiously was information about the future; it wanted to know what the policies open before the prime minister, resignation, a general election or sitting tight the plans to follow.

But no light was thrown on that point. He left himself free to take whatever direction events may dictate. He declared no one could welcome his retirement more than himself but followed this with a dramatic passage: "I cast myself upon the people, because I have never betrayed them."

The hall rang with approving shouts and he added that he would support loyally any alternate government that would work for the best interests of the nation.

A Lloyd George speech of the sort that has become to be known as "his back to the wall" is seldom heard. It is generally a thrilling entertainment.

Today's was no exception; all the atmosphere was friendly and congenial, the small audience in the dining room of the Reform church responded swiftly to every point.

Before the premier rose a small pulpit-like structure was placed on the table in front of him and on this he spread a stack of notes. But once on his feet he seldom bothered with these, for his sentences had all the effect of spontaneity.

Scores Gladstone's Son.
In the hall where Gladstone had often spoken he poured ridicule on the great commoner's son, Lord Gladstone, who is one of the leaders of the liberal revolt against the coalition. Of him he said:

"I know the difficulty of any man without adequate gifts who has to carry thru life a great name. He has actually excommunicated us from the liberal party. Well, (the papacy is) not a hereditary office. What service has he rendered liberalism? I know of none, except one—he is the best living embodiment of the liberal doctrine that ability is nothered."

Some of his strongest points in defense of the government's near eastern dealings were that the Turks had slaughtered since 1914 a million and a half Armenians and half a million Greeks; that to give way to them would be to sacrifice the greater part of the victory won over Turkey in the great war; that an "I am my brother's keeper" never has been a doctrine of liberal party.

ABOLISHMENT OF RAILROAD LABOR BOARD ADVOCATED

Secretary Davis in Address in Ohio Makes Suggestion

(By The Associated Press)
ATHENS, Ohio, Oct. 14.—Secretary of Labor Davis in a speech tonight advocated the abolition of the railroad labor board which he referred to as a "quasi-governmental, partisan institution" and the relegation to established bureaus of his department of such of the board's mediation and conciliation functions as might be desirable for the federal government to continue in the transportation field. The labor secretary said the railroad labor board had demonstrated that it is incapable of fulfilling the hopes of those who proposed and supported it as a means of industrial peace on the railroads.

The board he declared "was still struggling with issues raised in the shopcraft strike the more than 90 of 212 railroads on their own initiative have reached satisfactory agreements with their employees. The substitute plan in which labor department conciliation would be offered where desired in railroad disputes the secretary said would make a step forward toward taking the government out of the railroad business and would assure decentralization of railroad labor troubles and thus decrease danger of national strikes."

Mr. Davis defended President Harding's course during the recent coal strike.

POSTOFFICE EXAMS HELD YESTERDAY
Yesterday written examinations for postmastership of Waverly and Franklin were held in the basement of the post office here under the supervision of John Kearns, secretary of the local civil service board. Eight applicants are seeking the Waverly position and three wrote the examination for the Franklin place.

Civil service regulations prevent names of the candidates for these positions from being published.

WILL DISCUSS PLANS FOR ARMISTICE DAY
At 3 o'clock this afternoon at the American Legion hall a meeting will be held to discuss plans for an Armistice Day celebration and parade in Jacksonville. Col. O. C. Smith, who is chairman of the Legion committee, will confer with a number of persons interested in Armistice Day plans.

The conservatives to dropping the coalition in which event he might try to return as the leader of the liberal party. He spoke thruout as a liberal, making appeals to liberal principles and traditions.

J. Chester Colton of Woodson is the Republican candidate for county superintendent of schools. Mr. Colton has a successful record as a school teacher. His work was somewhat interrupted by his period of army service, but he is thoroughly experienced. Those who know Mr. Colton well are familiar with the seriousness of his purposes and other characteristics which well fit him for the office he is seeking.

George L. Riggs as clerk of Morgan county for the four years about to close has given the impression of his earnest wish to serve all people well. So men and women who have had business to transact at that office have ever received courteous treatment. Attorneys especially are familiar with the fact that the records

of the office have been kept in excellent shape. Mr. Riggs and his deputies have shown efficiency and interest which could not have been exceeded in the management of a private business. Mr. Riggs deserves re-election.

Members of the cemetery commission have done a fine piece of work in the betterments recently made at Diamond Grove cemetery. Actuated by public spirit, the members of the board are using good business judgment in taking the best possible care of a public property which has an almost sacred connection with thousands of families.

At the election in November voters will have the opportunity of expressing their views as to the amendment of the liquor laws in order to permit the sale of beer and wine. Advocates of the return of the legal sale of these liquors are responsible for the question being submitted for an advisory vote.

The challenge is one that the dregs should meet. Certainly since the question is to be submitted, people of all opinions should express their views so that congressmen may have the benefit of knowing the wishes of their constituents.

Women of Illinois will advocate the passage of a law by the next general assembly for the "removal of all legal disabilities of women." It seems that equal suffrage did not bestow upon

women all the legal rights that belong to men and that the law is proposed to make good this deficiency.

Until such a law is passed, the right of women for jury service and in connection with guardianships and other legal affairs may be questioned. Certainly the time is coming and should come when the rights of men and women are on the basis of absolute equality.

RE FAIR WITH THE CONSTITUTION

Henry I. Green, a member of the constitutional convention, has promptly come to the defense of the constitution against the charge that it fails to give the due recognition of the omnipotence of God.

Mr. Green has cited the closing paragraph of the constitution as submitted in proof of his statement.

Evidently those who made the changes had not familiarized themselves with the original text. At any rate, this matter should be one easily straightened out.

It should be remembered in considering the proposed constitution that it necessarily represents compromises. The report was made after sessions running thru many months in which men of varying views finally reached a compromise agreement.

There is no chance for a document of this kind, representing the thought of men of varied interests, approaching the idea of any one group. Here is the question for the voter to decide: "Is the proposed constitution better than the one under which Illinois is now operating, and which it is admitted Illinois has outgrown?"

MYSTERIOUS FORCE

(N. E. A.)

Up north, in Canada's cold lakes the salmon trout are spawning. Observe the cunning of mysterious Mother Nature:

A typical salmon trout lake is Porage Lake, mile and a half long, half a mile wide, 350 feet deep. It's the crater of an extinct volcano.

Salmon trout are deep-water fish, usually caught by trolling with a copper line at least 100 feet down. Water at that depth is as cold as the breath of some European diplomats.

Salmon eggs, of course, would not hatch in ice water. So, to get the salmon nearer the surface and make them spawn in warmer shallow waters, nature about this time of year grows "trout lice" or barnacles along their sides.

These barnacles are yellow, about a half inch long, shaped like a man with the two fists glued to the salmon's side.

To scrape off these barnacles, the salmon swims up on the shoals where it can rub against gravel. As it rubs, the eggs are laid.

A very simple plan, this, for making salmon trout spawn in the warmer waters of shallows.

After the eggs are laid, mother salmon return to deep water. Pa remains behind, near the eggs. Nature in some unknown way makes him miserable. He attacks every fish that comes near.

By satisfying his desire to fight he protects the eggs until they hatch.

This arrangement goes on, year after year, automatically, like the rising and setting of the sun.

Old Mother Nature, who stages the salmon spawning, is equally cunning in her regulation of every other form of life, including human life.

Sometimes men individually or by groups or by nations exert themselves almost to exhaustion to accomplish a certain thing, and fail completely. That bewilders them. It should not, for the failure merely indicates that the goal was not in nature's scheme of things.

Most evils result from respecting natural processes. We cannot cheat nature. Life would run more smoothly if men ever learned the lesson instead of trying, over and over again, to accomplish the ends that nature clearly informs us she will not stand for.

This applies to personal acts, to economics, to politics and to diplomacy.

BIRTHDAY PARTY AT MANCHESTER HOME

Mrs. Meda Andras Pleasantly Surprised by Friends Friday Evening—Other Social Events Manchester Personal Items.

Manchester, Oct. 14.—Mrs. Meda Andras was given a very pleasant surprise Friday evening in honor of her birthday. The affair was planned by her daughter, Eliza Strang Andras, and the guests were Mrs. Andras' intimate friends to the number of thirty-five. The evening was very enjoyable spent with games and music and before the guests departed refreshments of ice cream and waters were served.

Mrs. J. H. Spencer and son Clarence, Mrs. H. G. Strang, and sons Maurice and Carey Francis, and Mrs. W. W. Walker, all of Murrayville, were among those who attended the party.

WORTH WHILE GIRLS MET

The Worth While Girls of the Baptist church held their regular meeting Friday evening at the home of Miss Mabel Blackburn. There were about twenty members of the class present, and they held a business session, followed by a social hour. A weiner roast was one feature of the event, and cider and doughnuts were also served. The girls decided to hold their annual Halloween party.

Members of the M. E. church gave a donation party Thursday evening for their pastor and wife. Rev. and Mrs. Harry Ingram.

They went to the parsonage and gave their minister and his wife a genuine surprise. The company included about forty and they took with them many very acceptable gifts for Rev. Mr. Ingram and his wife. Refreshments of ice cream and waters were served in the course of the evening.

News Notes

The Cheerful Workers of the M. E. church served burgoon in the park Saturday afternoon. The patronage was liberal and practically everything was sold during the afternoon hours.

The red arrow sale held Saturday at the Charles Heaton store was attended by a large crowd and the affair was a success in every respect.

Mr. and Mrs. L. C. Funk were Jacksonville visitors Thursday.

The basketball team defeated Naples in a fast game Saturday night, the final score being 62 to 4 in favor of the local boys.

Mrs. David Barber went to Jacksonville Saturday, called by the serious illness of her sister-in-law, Mrs. James Goacher.

Mrs. George Leighton is on the sick list.

Mrs. George Summers, who has been ill for the past several weeks, is slowly improving.

"HEN" PARTY GIVEN AT ALEXANDER CHURCH

Affair Was Given Saturday Afternoon by M. E. Women for Rev. J. D. Reid—Other Alexander Church News

Alexander, Oct. 14.—Members of the Women's Loyal Bible class of the Alexander M. E. church gave a "hen" party Saturday afternoon for their new pastor, Rev. J. D. Reid. The pastor was invited to come to the church Saturday afternoon and upon arriving there found a number of the members of the class, each of whom donated a hen to the pastor and his wife. The recipient of the gifts very much appreciated the action of the ladies. Mrs. Anna Dearup is the teacher of the class.

Miss Esther Smith was given a surprise party Saturday evening by a number of her friends, the affair being in honor of her birthday. The young people spent several hours very pleasantly with games and dancing and at a late hour refreshments were served.

Mr. and Mrs. C. H. Bearup, Mrs. C. M. Strawn and Mrs. Ralph Miller were in Jacksonville Saturday.

Ben Davenport and son Burleigh made a business trip Saturday to Jacksonville.

MATRIMONY

Rose-Stucker

Jonathan Rose of this city and Miss Pearl Stucker of Belknap were married Saturday by Rev. C. D. Robertson, pastor of Centenary church. Only intimate friends were present as witnesses.

Lippert-Hierman

The marriage of Harvey B. Lippert of Concord and Miss Marcella Hierman of Arenzville took place Saturday evening at the parsonage of the M. E. church, Concord. Rev. Jerry Wallace pronounced the words that made the couple man and wife.

They were unattended. The bride is a daughter of Mr. and Mrs. Louis Hierman of Arenzville, and is a very popular young lady among her circle of friends. The groom is a son of Mr. and Mrs. Herman Lippert of Concord, a well known family of that community. The young couple will reside on a farm near Concord.

Many desirable styles of Mink wraps and coats are now shown at most reasonable prices by FRANK BYRNS Hat Store.

ALEXANDER BOX SOCIAL

There will be a box social and musicale given by the Alexander school on Thursday evening, October 19. The public is cordially invited.

CHAMBER OF COMMERCE NOTES

President W. E. Sullivan of the Morgan County Good Roads association has appointed a committee to have in charge the placing of information signs for the directing of tourists along the roads leading into Jacksonville. H. J. Rodgers has been appointed chairman of the committee and the other members are Homer Ranson and L. V. Baldwin.

This committee will meet in the Chamber of Commerce rooms the early part of the week to make plans for the erecting of the necessary signs.

The Jacksonville Chamber of Commerce is in receipt of an invitation to co-operate with the Waverly Chamber of Commerce in a good roads meeting to be held in Waverly on Friday evening, October 20 at 7:30 o'clock.

This meeting will be held at the Waverly opera house or in the basement of the Methodist church and will be for the purpose of effecting a hard road from Alexander to Auburn, by way of Waverly and Franklin.

The Auburn Chamber of Commerce and business men of Franklin are also co-operating in the movement. Such a road would connect Jacksonville with the Springfield-St. Louis hard road and would be of great advantage to this city as well as to Waverly and Franklin. A large delegation of Morgan county citizens is expected at the meeting.

The meeting will be in charge of the Waverly Chamber of Commerce and speakers from Jacksonville will have a prominent place on the program for the event. More definite information will be given in a later addition of the Journal in regard to this meeting.

ILLINOIS COLLEGE TO HAVE NEW PAPER

Alumni Quarterly Will Make Appearance Soon—First Issue to be Made Within a Few Weeks.

The alumni, alumnae and former students of Illinois college are soon to be represented by a magazine distinctly their own. That magazine, "The Illinois College Alumni Quarterly," will make its appearance either in the latter part of this, or early next month, and regularly thereafter, every October, January, April and June.

Such a periodical has for a long time been a subject of discussion among graduates and former students of Old Illinois, but not until last June, when the Alumni association authorized Dr. Arthur Black, of Chicago, and E. B. Hamilton, of Peoria, to undertake the raising of a guarantee fund, was anything constructive done in the matter. As a consequence of this action, on the 23rd of last September, representatives of alumni and faculty met to plan a suitable magazine. On that occasion, it was disclosed that approximately \$1,000, the joint contribution of the college and of the alumni, had been obtained to assure the first year's publication. Henry H. Caldwell was appointed to the editorship of the journal. Among the associate editors—all residents of Jacksonville—are Miss Emma May Leonard, George W. Davis, Horace H. Bancroft, and Miss Grace Van Houten. C. Y. Rowe will assume the work of business manager. Corresponding editors are being sought wherever groups of alumni are known to exist.

The first number of the magazine will be free to all alumni and former students. After that, distribution will be by subscription at the rate of one dollar per year.

The function of the "The Illinois College Alumni Quarterly," will be to bring the alumni and former students more frequently into touch with one another. It will carry the spirit of Commencement to many who, by reason of distance or infirmity, are denied the pleasures of reunion. It will take note of the professional achievement of the alumni; of the books they have written, the honors they may have won; in short, of everything that distinguishes them and the college whence they came. It will be a medium of friendly suggestion from the alumni to their alma mater; and to the alumni themselves, a source of information as to everything of moment that may occur on the hill. At all points, and at all times, it will be an organ controlled and administered exclusively by the graduates and former students of Illinois college, with no obligation save to themselves and to those they represent.

The journal will take a form very similar to that of the Cornell and Princeton magazines. Its size has not, as yet, been definitely fixed, but will doubtless range from sixteen to thirty-two pages. The first issue will have a purely typographical cover, to be replaced, eventually, by some appropriate design.

Tyrone Power, Tom Douglas, Estelle Taylor and Gladden James in
"Footfalls"

The story deals with the devotion of a blind cobbler to his son. Hiram Scudder, with his acute sense of hearing, not only recognizes the footfalls of his son, but is aware of his changes of mood.

The boy, in love with the village belle, becomes madly jealous of a young civil engineer, and his anger culminates in a fatal fight. The survivor disappears. Thereafter, by night and day, for months and years, the blind cobbler listens for the

sound of the slayer's returning footfalls, knowing they will come, and that he will recognize them.

It is a tense, gripping drama.

The part of the blind cobbler is played impressively by Tyrone Power, Estelle Taylor and Tom Douglas are excellent as the village lovers, and Gladden James is effective as the young engineer.

NO CAUSE FOR ATTACK ON CONSTITUTION

(By The Associated Press.)
URBANA, Ill., Oct. 14.—Charging that a deliberate attempt is being made to prejudice the people against the proposed new constitution before they have had an opportunity to study it, Henry I. Green of Urbana, chairman of the committee on submission, today replied to a statement given to the press yesterday by Henry Hooker Van Meter, a Bible league organizer. The Van Meter statement charged that the words "In the year of Our Lord," had been omitted from the draft of the constitution.

A number of Springfield ministers and others, according to Van Meter had signed the protest.

"Evidently the gentlemen who signed this statement were misled," Mr. Green said. "If they will go to the office of the secretary of state, where the official copy of the constitution is deposited, they will find that the closing words of the text are as follows: 'Done in convention at the capital in the city of Springfield on the twelfth day of September in the year of Our Lord one thousand nine hundred twenty two.'"

"It is apparent therefore that whoever is responsible for the circulation of the statement that 'the year of Our Lord' had been omitted from the constitution either was grossly ignorant or maliciously intended to create a prejudice. The words are in the constitution and in their proper place, the attestation clause.

"Moreover, the preamble begins: 'We, the people of the state of Illinois, grateful to almighty God,'"

"This is but one example of many attacks of the same kind that are being made on this constitution. The men who framed it were elected for that purpose by three years of their time studious the people. They spent nearly three years of their time studiously working out the sections and I do not believe any set of men ever worked more conscientiously for what they believed to be the public good.

"The people who commanded them to do this work at least should be permitted to view the finished product without prejudice. They should not be compelled to sweep away a great rubbish heap of lies and misinformation before getting to the truth."

ALL IN READINESS FOR INDIAN FETE

Plans are complete for the Indian Fete, to be given by the D. A. R., on the lawn at the home of Gates Strawn, Mound avenue, tomorrow afternoon. All that is needed is good weather to make the affair a great success.

The Indian dances under the supervision of Miss Betty Palmer promise to be of unusual interest and those who attend are promised something out of the ordinary. Miss Catherine Wilson will act as accompanist for this feature.

Good music is also promised and the musical program at four o'clock by members of the D. A. R., will contain any favorite selections. Bon fires in the evening hours, autumn refreshments and many things to entertain the visitors are planned. The hours are from 2 to 7 o'clock.

AGREEMENTS OF CONFERENCE ARE NOW IN EFFECT

Last Three Days Have Been Spent Preparing for Aligned Occupation

(By Associated Press.)
CONSTANTINOPLE, Oct. 14.—At midnight tonight the agreements reached by the Musanian conference will go into effect. The last three days have been spent in preparation for the aligned occupation of East Tarace and all reports received here indicate that the evacuation will proceed in a fairly orderly manner.

The allied troops on missions, three of which were sent through Tarace a week ago have completed their investigations. Reports submitted by them show there is no ground for charges of widespread atrocities and attacks on Turkish residents by the Greek army.

Mr. Green's report that the Greek army is in a state of dissolution through Trace, only a few of the better units remaining intact. The refusal of the third army corps to obey orders to evacuate is believed to be due in part to the general slackening of the morale of the Greek troops.

COAL PRODUCTION SHOWS AN INCREASE

(By Associated Press.)
WASHINGTON, Oct. 14.—Bituminous coal production for the week ending today was estimated by the geological survey in its weekly report at about 9,900,000 tons. The anthracite output was placed at 2,900,000 tons.

Production of both bituminous and anthracite represented slight increases over the output for the previous week and over the output in the same week of 1921, but is still considered by the survey as too low, to rebuild consumers' stocks and meet current consumers' demands. Current consumption and lake shipments to the northwest.

WILL HEAR ALTON COMPLAINTS MONDAY

(By The Associated Press.)
CHICAGO, Oct. 14.—The railroad labor board today fixed Monday, Oct. 23, to hear submissions to be filed by the Chicago & Alton railroad which is seeking changes in the wages and working rules of the big four train and engine service brotherhoods on the road.

The Chicago & Alton did not sign agreements with its trainmen and conductors with other western carriers at the time of the Chicago settlement and according to the labor board, expects to submit the case to the board.

Brotherhood chiefs, it is understood expect to ask for a continuance when the case comes up.

CRIDLAND HEIRS WIDELY SCATTERED

Proof of Heirship Recently Made Showing Many Will Share in Estate of Morgan County Man.

As was made known from the will of the late Joseph Cridland, whose estate included two tracks of farm land in addition to other property, a number of the heirs are not resident in the U. S. Proof of heirship was filed in the county court Saturday by Julia P. Lippincott, as attorney for the estate, and Judge Samuel entered an order of approval.

The proof of heirship is based upon the deposition of James Cridland heard in open court; Luke Cridland, taken at Wotton-Under-Ede-Gloucestershire, England, to answer to interrogatories of Edwin Cridland of Tilsonburg, Ontario, Canada; in answer to interrogatories, and Ann Crittle of London, Ontario, Canada the latter in narrative form.

The Morgan county man died about January 28 last and the following are shown to have interest in his estate:

Thomas and Robert Cridland, nephews, children of Thomas Cridland, deceased half brother; Luke Cridland, William Cridland, Edwin Cridland, brothers and Ann Crittle, a sister;

Robert Hill, Mrs. Elizabeth Nichols, William Hill, Charles S. Hill, Felix Hill, Mrs. Gertrude Belcher, Mrs. Ellen (alias Nellie) Walters, and Mrs. Mary Smithies,

nephews and nieces, children of Jane Hill, deceased sister; Arthur Cridland, Mrs. Louisa Ellis, Clarence Cridland, Walter Cridland, nephews and niece of Richard Cridland, deceased brother;

James Cridland, George Cridland, William Cridland, Mrs. Henrietta Ronson, Mrs. Dell Jackson, nephews and nieces, children of Mark Cridland, deceased brother. Mrs. Mary Williams, Minnie A. Williams, Mrs. Ella Piet and Norman Williams, nieces and nephew children of Mrs. Elizabeth Williams, deceased sister.

Mrs. Annie Baldwin, Mrs.

Fanny Baldwin, Minnie Cridland, Frank Cridland, George W. Cridland and Joseph Cridland, nephews and nieces, children of Robert Cridland, a deceased brother, and Rev. William Cridland, nephew, son of John Cridland, deceased brother.

IMPROVEMENTS MADE AT DIAMOND GROVE

Card Has Moved Old Building
Which Married Entrance—Records Put in Proper Form.

Visitors during recent days to Diamond Grove cemetery have been impressed with the improvements made, especially near the entrance. The barn and sheds which have been located there since the south of the entrance have been removed and the barn now located to the west and north of the former location.

The site was chosen where the new could be constructed on the site of a hill and the arrangement such that the building is almost obscured from view. A hedge has been planted on the east side and when this has matured it will form an additional screen. The chicken house and adjoins, so that under the present plan all of the lot south of the sexton's dwelling has been cleared away.

Within a few months' time the site of the barn will be found grass and flower beds, so that it can be understood that the cemetery board has made a very thorough improvement.

Sexton Has Office.
Another change that the public will appreciate is the fact that an office has been erected on the east side of the sexton's house and is in such position that it can be approached with an automobile or other vehicle. The roadway is made in circular form so that after leaving the sexton's office one can drive in either direction. This little office building is constructed particularly for the keeping of records. The board has found that while during recent years a record has been prepared showing the names of persons buried and the location of graves, that this record is by no means complete.

The board has begun this important matter of compiling a complete and accurate record of graves and the rule will be to add to this record as purchases of graves and burials are made. A card index system will be followed and the cards used will set

forth all information that may be wanted.

A small safe has been installed for the safe keeping of these records. Map or plat of the cemetery will also be found in the office and persons who wish to look up the location of any particular lot will find the map of instant value.

Universal Care.
With good success this year the board has tried out universal care in two sections of the cemetery. Next year the plan is to have universal care apply to all sections. By the assessment of a comparatively small charge against each lot the board will have funds ample to pay for all the work and also for some improvements that are planned.

At the same time the office was built some very much needed repairs were made on the sexton's house.

The membership of the cemetery board includes C. H. Russell, W. E. Boston, Percival Coover, and C. Y. Rowe. The men have spent a great deal of time on cemetery problems and a visit to the cemetery gives ample proof of their interest and work. The betterments are all of a substantial kind, yet have been handled with the proper thought of economy.

Ideal Bread is Real Food

When you eat meat you do not need, you are taking slow poison. A man of sedentary habits should not eat meat more than three times weekly; any surplus beyond that point fails to nourish.

So says an eminent food authority.

Health statistics show he is right. Overeating is given as the chief cause of thousands of American break-downs at an early age. Ideal bread is keep young and keep well food, because it contains no poisonous waste. Over 90 per cent of it is converted at once into health and energy.

Hostess at Supper at Chapin Home

Mrs. Dan Smith entertained a number of Jacksonville people at dinner at her home in Chapin Friday evening. The guests included a number of young ladies who went camping at Chataqua Park this summer with Mrs. Smith. A delicious chicken supper was served at six o'clock and after a pleasant evening the guests returned to Jacksonville on the train. Those present included Misses Mary Knollenberg, Margaret Coffman, Mary Dewese, Ruth Henderson, Blanche Turley and Elva Shore of Jacksonville and Mrs. Grace Filson and Carl Filson of Chapin.

Breakfast at I. W. C. Monday

The Y. W. C. A. will hold its Fall breakfast at Illinois Woman's College Monday morning. The breakfast will be served in the Home Economics kitchen from 7 o'clock until 8:30. The menu includes waffles, coffee, grape fruit and other good things. Miss Esther Purl and Miss Mary Elizabeth Roark are in charge of the breakfast and they will be assisted by Misses Flo Dikeman, Hazel Moore and Verna Burdall.

I. W. C. Juniors Entertain the Freshmen

The members of the Freshman class of Illinois College were the guests at a party given last evening by the Juniors. The affair was given in the college gymnasium and was a dancing party with an informal program given during the evening. The new house faculty members were special guests at the function.

The massman had been prettily decorated for the occasion with colorful autumn foliage and fall flowers. The Junior class orchestra furnished an excellent program of dance music during the evening and between dances an informal program consisting of musical numbers and several solo dances, was given. At intervals during the evening pineapple ice and macaroons were served.

The faculty members who were guests at the affair were Miss Evelyn Anderson, Miss Thompson, Miss Teague, Miss Gertrude Lobell, Miss Jeanette Powell, the Freshman class advisor, and Miss Harriett Whitmer the Junior class advisor. Miss Esther Purl, the Junior class president was the general chairman in charge of the party. Miss Lucile Vick and Miss Mary Lois Clark arranged the entertainment, Miss Avis Murphy and Miss Elaine Rosens had charge of the refreshments and Miss Helen Bly, Miss Elizabeth Moore and Miss Harriett Munson were the members of the decorating committee.

Belles Lettres Society Breakfast at Inn.

The Belles Lettres Society of Illinois Woman's college will give an autumn breakfast Monday morning at 10 o'clock at the Colonial Inn. The affair is to be given for the new members of the society and will be attended by about twenty-five guests.

Autumn leaves and yellow chrysanthemums will be used in lovely decorations and a delicious menu is planned. Miss Ruth Webb and Miss Lucile Vick are in charge of the breakfast and will be assisted by the president of the society, Miss Velda Meadows. The new girls in whose honor the function will be given are: Misses Ethel Morris, Charlotte Rodgers, Virginia Gentry, Hattie Baughman, Grace Rexroat, Beulah Farhnum, and Belle Irilan.

Entertained Last Evening.

Mr. and Mrs. Roy Powell entertained a number of friends at their home in the Cherry apartment building last evening. A number of couples were invited in to spend the evening and cards and dancing filled the hours. During the evening the hostess served attractive refreshments.

Sorosis Meets With Miss Eleanor Moore.
Sorosis members are anticipating

ing a year of unusual interest in a study of modern drama and psychology. The first meeting of the year was held Friday with Miss Eleanor Moore, when Mrs. Perry C. Thompson introduced the drama study in her paper upon "The ramatist and His Reading Public." This proved to be a forecast of the year's work in drama.

In addition to this study Prof. Swift of Illinois college will give some lectures upon psychology and ethical, social and psychological problems as revealed in contemporary drama will be considered.

Miss Velma Lewis is Pleasantly Surprised.

Miss Velma Lewis was very pleasantly surprised at her home six miles east of Murreysville Wednesday evening, October 11, when a number of her friends gathered there in honor of her birthday.

Progressive rook was the main feature of the evening, after which delightful refreshments were served. The guests departed at a late hour wishing Miss Velma many more happy birthdays.

Those present were Misses Velma Lewis, Mildred Ellington, Mae Henry, Bernice and Myrtle Sooy, Mildred Mayberry, Dorothy and Helen Rae, Rosalein Loneragan, Mabel and Iva Winters, Ines Grider, Lucile Jones, Messrs. Stanley Ellington, Ralph Heffry, Louis Leneragan, William Mason, Carl and Harold Sooy.

Jacksonville Composer Praised by Peoria Papers

The following notice was in the Illinois State Register of October 11th:

The work of an Illinois composer, Miss Anne Wakely Jackson of Jacksonville, is receiving much favorable criticism since being presented by Mrs. Gary Westenberg of this city. Miss Jackson is a comparatively new entrant into the realms of music and is particularly fortunate in having Mrs. Westenberg present her work. As one of the entertainers in the recent Illinois river trip of the State Art Extension committee from Peoria to St. Louis she was warmly received. The Peoria Star, in commenting on Mrs. Westenberg's program, said:

"One of the most talented and delightful guests of the week was Mrs. Gary Westenberg of Springfield, who has just returned from the Illinois river trip of the Art Extension committee. She was the soloist among a group of art lovers, many of them distinguished, and contributed generously to the event with her artistic singing and responsive, enthusiastic personality."

"The songs she used were entirely Illinois products, the poems from the pen of Vachel Lindsay, 'Ghosts in Love,' 'The Leadened,' 'The Potato Dance,' and 'Dirge for a Righteous Kitchen.'"

In the musical settings Miss Anne Wakely Jackson of Jacksonville has so delicately sensed and so successfully intensified the emotional values of each poem that she becomes on first hearing a ranking composer of the state. Settings of Joyce Kilmer's 'Trees,' 'April Rain,' and a Blake poem from 'Songs of Innocence' disclosed the same rare insight. Any composer is fortunate in having Mrs. Westenberg present her work, for she is able to use her rich voice with infinite variety which a fine interpretation gift suggests.

"Mrs. Westenberg was the guest of Mrs. D. C. Chaffee and Mrs. A. R. Mills during her stay and gave an informal recital at Lacey's thru the courtesy of the owner, Miss Jennie Smith of Springfield added much to the event by her discriminating accompaniment."

"Mrs. Westenberg will sing a group of songs at the teachers' institute meeting to be held in Springfield high school Saturday."

S. S. BOARD OF NORTHMINSTER

Held Meeting Recently—Important Business Considered.

The Sunday school board of Northminster church met at the church Friday evening at the call of the superintendent for the purpose of discussing plans for the coming year. Meeting the cost of the new pavement adjoining the church was discussed. It was decided that the Sunday school classes would undertake to raise the necessary funds and a quota was assigned each class.

The different classes will meet hereafter on the second Friday of each month. Next Friday evening the class of Mrs. Clarence Fernandes will hold the initial meeting and will serve candy and pop corn and the class of Miss Bess Goveia will serve ice cream and cake.

In this way the various classes will contribute their quota to the pavement costs. Everybody is welcome to these meetings.

At Friday evening's meeting refreshments were served.

Points to Consider in a Woven Wire Fence

Size of wire:—The size or exactness of gauge of wires in a fence is a determining factor in the COST. Be sure you get the size of wires you are paying for. The wires in AMERICAN FENCE are FULL GAUGE. Every roll of AMERICAN FENCE contains a placard showing the exact size of wire used and the placard in every roll tells you just what you are getting. The superiority of our galvanizing has been proven for many years by the long service given by AMERICAN FENCE. Galvanizing on our fence is applied by the most improved scientific methods.

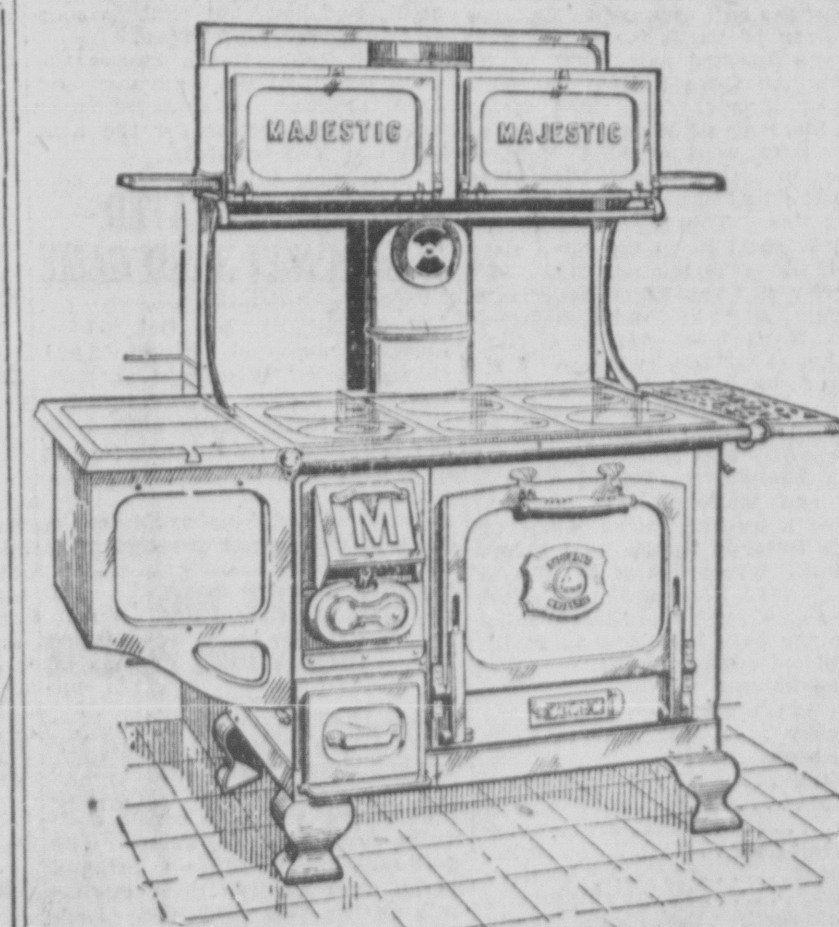

It is well to know that the spacing or DISTANCE between line and stay wires is as represented. You are assured of this in our AMERICAN FENCE. Every rod of 6-inch stay fence has 33 stay wires.

IOWA UNIVERSITY DEFEATED YALE 6 TO 0

BIG TEN CONFERENCE CHAMPIONS SURPRISE BROTHER TAD'S TEAM

Howard Jones' Western Huskies Show the Disciples of Elihu Yale How the Game of Football is Played—Iowa Showed Superiority Thruout Game in Every Department

(By The Associated Press)

NEW HAVEN, Conn., Oct. 14.—Iowa's mighty football eleven, champion of the Western Conference, gave Yale, a member of the "big three" of the east its first defeat by a conference eleven today and it was a decisive victory. The score was 6 to 0 representing a touchdown from a march half the length of the field, which started late in the first period and ended at Yale's last white line soon after the second period began.

But Iowa's superiority was much greater than the mere final score shows.

Howard Jones, Iowa's mentor is, therefore, champion football coach of the Jones family but in the latter half of the game he must have recalled the stirring finishes of Yale's football teams in the days when he and his brother, Tad, now Yale coach, played on the same Yale eleven.

Yale threatened to tie and possibly win the game, a concerted advance toward Iowa's goal of 79 yards ending a few seconds before the last whistle blew, with a forward pass over the goal line which grounded.

Tad as quarterback directed two famous games against Princeton in which Yale came from behind for victory.

The efforts of Coach Tad's pupils to repeat football history thrilled some 30,000 spectators on an ideal football day—thrilled them no less than they had been amazed by the power of Iowa's offense shown in the first half of the game; thrilled them even as much as they had been surprised in the first half by Iowa's failure to score more points. Fumbles were the principal reasons for this failure. Penalties contributed.

Howard does not think he is a better coach than his brother. He insists he merely has a better team. As he and his pupils boarded a train half an hour after the whistle blew, he said:

"I am glad for Iowa's sake that we won. It is a test of two teams more than of coaching. Iowa played a good game."

Captain Gordon Locke, so dazed from his brilliant line smashing that he could hardly speak as he was assisted aboard the train, could only murmur in happiness:

"Wire the folks in Iowa just how we won."

Tad Jones crossed the field immediately after the game and shook hands heartily with his brother and Captain Locke. In a statement Tad said:

"I have nothing but praise for the Iowa team, but I also have unlimited confidence in this Yale team. Another comment that I might make would probably be misunderstood. Captain Locke, his team and Howard have my congratulations."

Iowa had four excellent scoring opponents, that is, it had the ball within 35 yards of Yale's goal. One of these opportunities was realized. Two failures to make the best of excellent strategic position were due to fumbles. One failure was due to stiffening of Yale's defense. Three of the scoring opportunities were due to superior offense and one to a Yale fumble.

Yale also had four opportunities. Two of them were due to loose handling of the ball by Iowa, one to a partially blocked Iowa punt and one to one brilliant game finish of power which is typified by Yale's premier football song, "March, March on Down the Field."

Inability to throw the forward pass was the chief factor in Yale's failure to make the best of its chances. Yale did not complete one forward pass thruout the game while Iowa had four successful ones for a total gain of 59 yards. It seems as if Yale admitted Willie Keeler's motto for hitting a baseball and made it "throw them where they ain't."

While Iowa revised it a bit too, "throw them where they are."

Iowa Superior.

Cold statistics show that Iowa was superior in all departments of the game except in running back kicks at which Neidlinger, sub-Yale quarterback outshone everybody on the field. White and Cochran, a sub half back, figured largely in the game and the heart of the crowd warmed to Captain Gordon Locke and Parkin of Iowa because of the former's smashing line plunges and the latter's end runs. These runs often were individual accomplishments, weasle-like wriggling after the interference had met difficulties in clearing the way. The scoring play was an eight yard end run by Parkin.

Statistics of the first half show even greater Hawkeye superiority. Yale did not earn first down once in the first two periods, while Iowa had this accomplishment five times. Yale rushed the ball from scrimmage 19 times in the first two periods for a total net gain of only seven yards.

BUTLER UPSETS DOPE BUCKET IN ILLINOIS U. GAME

Pat Page's Charges Whip Zuppke's Team on its Own Field 10 to 7

URBANA, Ill., Oct. 14.—Western conference football dope was upset today when Page's Butler eleven defeated Bob Zuppke University of Illinois team 10 to 7 in the Illinois' opening battle before 15,000 persons. It was Butler's fourth straight win this season. Griggs right half on the Hoosier team, featured with field goal from the 55-yard line and a touch down on a pass from Woods. Sam Hill starred for Illinois his line plunges netting most of the Illinois gains.

Woodward, regular Illinois full-back and Robinson, half were injured in the first half and were taken out.

Illinois interference was poor. The Butler shift puzzled Zuppke's men but the victory was due largely to Butler's interference and the speed of Griggs and Woods. Wood's punts averaged 47 yards.

A long pass, Couchie to McDwaine, put Illinois in line for a score but a fumble spoiled the chance.

The line up:

Illinois	Pos.	Butler
Wilson	LT	Leslie
Wagner	LT	P. Brown
McKelvey	LG	F. Hunkate
Greene	C	Reichel
Ummus	RG	Duttenhauser
Oakes	RT	Strole

I. S. D. LOST GAME TO MILITARY ACADEMY

Local Team Fought Hard But Was Outweighed Many Pounds to the Man—I. S. D. Led at the End of the First Half.

While the other Jacksonville foot ball teams were battling away on various fields for high gridiron honors yesterday, the I. S. D. team was struggling with the Western Military Academy team down at Alton. They fought hard, but were compelled to accept the small end of the score at the finish. Although they had chances to score, they took advantage only once and consequently their score stood at 7 while the W. M. A., pulled down 25 points.

The W. M. A., kicked off and the I. S. D., fumbled. The Cadets recovered the ball and made large gains for a touchdown. After this time the I. S. D. warriors put up a better fight. At the close of the first half the I. S. D., made their touchdown and Sellers made a perfect place kick.

The rest of the game was more or less ragged, as the Western team ripped great holes in the I. S. D., line and piled thru to overrun their territory. They smashed and crumbled the I. S. D., line and showed up the weak places. Credit must be given to the I. S. D. for the "ligerish" spirit shown at most times during the game. At the end of the first half the I. S. D., team was in the lead by one point, but lost that lead as soon as the second half began.

Coach Robey Burns knows the weak points of the team now and hard practice is expected next week in preparation for the next battle on the schedule.

LOMBARD DEFEATED RYON IN HARD GAME

GALESBURG, Ill., Oct. 14.—Lombard defeated Ryon 1921 champions of Wisconsin at football today 6 to 0. The game was the most bitter battle staged on the Galesburg field in years. A light rain fell during the entire contest.

Lamb scored Lombard's touchdown in the second quarter.

NOTRE DAME TOO MUCH FOR PURDUE

LAFAYETTE, Ind., Oct. 14.—Notre Dame's football eleven triumphed over Purdue today 20 to 0. Knute Rockne's proteges vanquished the team of his erstwhile star, Jimmy Phelan. The Boilermakers played a strong game, once holding their opponents on the two yard line. Lieb of Notre Dame suffered a broken leg.

CARTRIDGE TAKES ANOTHER GAME

Carthage, Ill., Oct. 14.—The Carthage football team won from Culver-Stockton today, 20 to 0. The game was played in a driving rain and muddy field. Lyons of Carthage, was the individual star making two touchdowns and kicking a goal from placement.

PRINCETON TIGERS WON FROM COLGATE

PRINCETON, Oct. 14.—A brilliant 80 yard run by Clives in the second period and a field goal by Smith in the fourth period enabled Princeton to defeat the Colgate eleven today 10 to 0. The visitors outstruck the Tigers, making first down 13 times to Princeton's five, but ragged playing and inability to gain in the Princeton territory prevented Colgate from scoring.

Princeton completed most of its forward passes and showed well in running back points.

OHIO DEFEATED OBERLIN 14 TO 0

Columbus, Oct. 14.—Ohio State showing offensive form defeated Oberlin 14 to 0 today. Both touchdowns came in the third quarter the Buckeyes outplayed the team which last year nosed them out, 9 to 6. Halfback Isabel and Quarterback Workman were responsible for Ohio's two touchdowns both of which resulted from line plunges. Ohio State tried a few forward passes most of which were incomplete.

ROUTT TAKES GAME FROM FRANKLIN 7-0

Teams Evenly Matched and Game Hard Fought One—Winners Score Points in Last Five Minutes of Play.

ROUTT college defeated Franklin high in the last five minutes of play out on the I. S. D. field yesterday afternoon by scoring a touchdown and putting over a drop kick. This was the only score made during the game in spite of the efforts by both teams, the nearest the ball having been to either goal at any time during the game was on the twenty-yard line. An attempt to score was made only once when Routt failed on a try for a drop kick from the twenty-five yard line in the first quarter.

As to playing ability both teams were about evenly matched and kept fighting continuously. This was Franklin's maiden game and Routt's second, but as to fight, the teams played in mid-season form. Spectacular plays were missing as both teams resorted to straight football with a few forward passes. A pass was the indirect cause of Routt's touchdown, when Mallen caught a pass from 15 yards on the one foot line; and Gebert carried the ball over on the first play following.

The tackling of both teams needs slight improvement but as it was neither had the advantage. Traby made several nice end runs for five and ten yards and if he had had any interference he would have been dangerous to the Franklin team.

The Franklin quarterback, "Buck" Seymour, directed his team with few if any mistakes. The other backfield men made many good gains, but being uncertain of the rules on several occasions, were penalized the distance of their gains.

At the beginning of the first quarter Routt kicked and, the ball was kept in midfield all during the first period. Routt attempted a drop kick that failed. No other attempts to score were made. The passing of the second quarter was not marked by anything spectacular other than a few unsuccessful passes. The half ended with the ball in Franklin's possession and the score 0 to 0.

Franklin received at the beginning of the third quarter, making a nice gain but was penalized. Franklin was forced to punt and Routt fumbled. Franklin recovered the ball and the quarter passed the ball working up and down the field. McElwaine and Routt were replaced by Clancy. The fourth quarter was not different from the others, except the pass to Mallen on the one foot line with Gebert carrying the ball across and drop kicking goal. The rest of the quarter was played with the ball in Franklin's possession and the game ended with the score, 7, Franklin High, 0.

The lineups: Franklin High. Routt, E. A. Seymour, Mallen, E. B. Smith, H. Morris, C. L. Hocking, Cleary, C. L. Smith, Sehy, G. T. Tannehill, Fitzgerald, E. Reed, Jefferson, E. O. Hocking, Traby, H. B. O. Baker, Murphy, H. B. W. Seymour, Gebert, Capt. F. B. W. Bland. Referee—Ries, Illinois college. Umpire—Vogz, Illinois college. Head linesman—Downs, Illinois.

Time of Quarters—10 minutes. Timer—Arter, Illinois college.

GOPHERS TRAMPLED OVER INDIANA

INDIANAPOLIS, Ind., Oct. 14.—Led by Halfback Martineau, Minnesota's heavy football machine today trampled over the Indiana eleven 20 to 0.

Minnesota took the aggressive from the start, getting into position to score after Gay intercepted an Indiana forward pass and ran for 55 yards before being downed. Plunges thru the left side of the Crimson line carried the ball over the goal, Mitchell took the ball over the line.

Eklund failed in his attempt for a goal. Mitchell took the ball over the line.

Eklund failed in his attempt for a goal after a touchdown.

A mixture of fast, low forward passes and straight football again brought Minnesota within reach of the Indiana goal and Grose went over. Eklund kicked goal. A forty yard run by Martineau, a 15 yard dash by Mitchell and a pass, Martineau to Eklund, resulted in the final touchdown which was made in the second period. Eklund again booted the ball over the bar.

SAN FRANCISCO CHAMPS OF PACIFIC COAST

San Francisco, Oct. 14.—The San Francisco club won the 1922 Pacific Coast League pennant by defeating Oakland today in the first game of a double header 6 to 5. The Seals can lose all of three remaining games and still hold the pennant with the Vernon Club second in the race.

Jack (Dots) Miller, in his first year as manager, is given credit for having the Seals win.

NORTHWESTERN GIVES CHICAGO GREAT BATTLE

Purple Only Downed After Hard Fight, by Score of 15 to 7

CHICAGO, Oct. 14.—Northwestern's fighting eleven met the University of Chicago here today to settle their traditional rivalry and Coach Stagg's heavier team was forced to extend itself to the limit to win 15 to 7. Northwestern which for years has been considered the lowest in the big ten conference led by one point temporarily and was dangerous at all times.

Chicago opened a boring line attack in the first quarter and Zorn, Chicago fullback plunged across for the first touchdown inside of five minutes. Pyott's attempted kick after touchdown was blocked and Northwestern took the lead a short time later when Harry Thomas, Chicago half back fumbled and Herman, Northwestern's right end scoop the ball and ran 35 yards to the line and Patterson's kick added the extra point.

Early in the second quarter a blocked Northwestern punt gave Chicago the ball on Northwestern's three yard line and Zorn again scored a touchdown.

Lampe's kick after touchdown was good.

The third and fourth periods were see-saw affairs, featured chiefly by exchange of punts. A light drizzle made the ball hard to manage. A series of bad punts gave Northwestern the ball on its one yard line.

Penfield dropped back to punt but fumbled and nalled behind the goal lines as he recovered giving Chicago two points on a safety.

WHITE HALL ROMPS OVER PLEASANT HILL

Final Score is 44 to 0—Visitors Are Outclassed Thruout Entire Game.

White Hall, Oct. 14.—White Hall high easily defeated Pleasant Hill high here today by a score of 44 to 0. The visitors were outclassed thruout and never had a chance to win.

The visitors fought hard and the score was 6 to 0 at the end of the first half. In the second half White Hall opened up and rapidly ran up the score. Long runs by Goode and England featured the game. The former took off a seventy yard run for a touchdown while England made four touchdowns and all from forward passes. On one he ran 80 yards and another was 40 yards. H. Smith ran the team with good judgment and also did some good line plunging. McClure playing his first game did some excellent work. White Hall was weakened by the absence of five regulars. The lineup: Pleasant Hill Pos. White Hall Billings Pos. England Ward Pos. Bailey E. Smith Pos. H. Smith Venable Pos. Lowenstein Windmiller Pos. Hubbard O. Smith Pos. Goode Craigille Pos. T. Smith Kennedy Pos. Williams Roberts Pos. McClure Afor Pos. FB Wood

WISCONSIN WON FROM SOUTH DAKOTA

MADISON, Oct. 24.—Wisconsin launched a forward pass attack against the South Dakota Aggies football team today and won 20 to 6.

It was the Badgers' second preliminary contest of the year. Quarterback Barr's long passes to Irish, Gibson and Saari resulted in big gains and were responsible for Wisconsin's three touchdowns.

ROODHOUSE DEFEATS ASHLAND 111 TO 0

ROODHOUSE, Oct. 14.—Roodhouse High defeated Ashland High today the final score being 111 to 0. In the third quarter the entire second string men of Coach Mill's machine went into action, scoring twice in that quarter.

Out of the three games played in the schedule of Roodhouse High two hundred points have been netted to nothing for their opponents.

Next Saturday Pleasant Hill will be their opponent.

HANNIBAL HIGH IS SNOWED UNDER BY MITCHELL'S TEAM

Are Defeated by Score of 59 to 0—Coach Mitchell Used Entire Second Team for Nealy Half of the Game—Many Visitors Forced Out of Game on Account of Injuries

Hannibal high school, victor over Jacksonville high for the past two years, was no match for the locals in the game on Illinois field Saturday afternoon. The team was a disappointment to the fans as the Hannibal team which appeared here two years ago was one of the best ever seen at a local field.

Evidently Hannibal has lost many of her best men in addition to that the men did not seem to be in the best of condition. Time and again some of them were laid out and toward the close it looked as tho the game would have to be called because of a shortage of substitutes.

Hannibal had one man who stood out a shining light in the work of the afternoon. This man was Link, left end of the visiting team. A majority of the local's plays were directed at his side of the line and he seldom failed to give his man. Not only did Link shine on the defense but he was just as good on offense and received forward passes with great skill.

Coach Mitchell's machine showed the results of the game with Peoria Central a week ago. The men played well together and tho they did not use much but straight football thruout the game, a few forward passes being tried in the second half.

In the second quarter Mitchell sent in his entire second team and it gave a good account of itself tho it was unable to score a touchdown. The seconds finished the half and played a good part of the second quarter and the men showed a good fighting spirit and some of the material promises to develop into first team material. In the closing minutes of the game some of the other subs were given a chance and did good work.

The entire back field of the first squad took turns carrying the ball and all were successful. The second team backfield also had a good punch and made some good gains while in the game. The work of Hunt, Corbridge, Johnson and Arnold was especially commendable while Benson, Harrison and Hoagland did some good offensive work for the seconds.

First Quarter. Hannibal kicked and it only took the locals a few plays to put the ball over, end runs and line plunges being used. Johnson made the touchdown and Arnold the point.

Jacksonville then kicked and forced Hannibal to do the same and rushed the ball for another touchdown, Johnson making the score and Hunt the point. Johnson soon added another touchdown but the try for point failed. After receiving the kick Jacksonville marched straight down the field Johnson again going over but the try for point again failed.

Jacksonville kicked and Hannibal fumbled and the locals recovered the ball. Hunt then carried it over for a touchdown. L. Bracewell added the point. The quarter ended with the ball in Jacksonville's possession.

Second Quarter. Jacksonville soon carried the ball to the three yard line where Corbridge went over for a touchdown. The try for point failed.

After the kickoff Hannibal braced and the ball passed over several times on intercepted forward passes and kicks. Finally Massey intercepted a forward pass and the ball was sent over for a touchdown. The try for point was successful. Mitchell then sent in the second team and the scoring ended during the remainder of the half.

Third Quarter. The second team played nearly all of the quarter but was unable to get punch enough in their attack to win tho the men made some good gains and also played well defensively. Near the close of the quarter the first team went back in but was unable to score before it ended.

Fourth Quarter. After being held in the shadow of the visitors goal Hunt kicked. Hannibal kicked immediately. Hunt tried a place kick which failed and Hannibal put the ball back in.

WHITE SOX SHUT OUT CUBS IN CLOSE GAME

Faber Outpitched Osborne Allow-
ing the Cubs Only Three Hits—
Deciding Game Will Be Played
Today, Weather Permitting.

Chicago, Oct. 14.—The White
Sox today squeezed themselves
into a tie with the Cubs in the
series to decide the City Cham-
pionship when they won 1 to 0.
Each club now has won three
games and the deciding game will
be played tomorrow weather per-
mitting. Rain fell this afternoon
and tonight.

The game was the best of the
series and a remarkable pitching
duel between Red Faber, ace of
the Sox and Ernie Osborne, who
had pitched his mates to two vic-
tories in the city classic. The win-
ning marker came in the 9th in-
ning. Osborne wavered after al-
lowing only three hits and hit
Sheely. Strunk came thru with a
hit to left. After Falk had been re-
tired Mulligan was purposely pass-
ing filling to bases. Schalk then
pushed a bunt past Osborne and
Sheely scored. Faber outpitched
his youthful rival being touched
for only three safeties and he
fanned five heavy hitters in the
pinches.

The game bristled with good
baseball, the support behind Os-
borne bordering on the sensa-
tional.

Hack Miller came to Osborne's
rescue in the fifth when he ran
back into deep left and while on
the dead run speared a line drive
off Falk's bat. The same inning
Terry made a great running catch
of Hooper's fly in short center.

Another Sox rally was broken
up in the seventh after Mulligan
had started with a double. Schalk
attempting to sacrifice popped to
O'Farrell and Mulligan was
doubled off second. Hooper, Col-
lins, Strunk and Sheely also play-
ed good ball behind Faber.

Tomorrow's game will be play-
ed in the White Sox Park it was
officially announced.

SHALL THE NATION RULE.

During the war years, as is
usual during war, justice was
subordinated to power, right to
might, morality to expediency.
There was revolt by a very few
people, because of a fear of being
called unpatriotic, "slacker," pro-
German and also from fear of the
department of justice, which at
that time was flagrantly viola-
ting the constitution. The presi-
dent of the U. S. was exceeding
his authority, legislators were un-
seating duly elected members,
and when they were re-elected by
the people were again refused
seats, freedom of speech and the
right of assembly was denied; re-
publican officials oppressed who
were reformers constitutional guar-
antees were ignored by officials.

Those who criticized official
law breaking were criticized, cor-
porations deported unpopular
workers, thinkers were tarred
and feathered, some thrown in
jail, employees were dismissed if
they did not buy liberty bonds
college professors and teachers in
public schools lost their jobs for
having ideas—all this happened
in the name of "Law and Order."
The means not being considered,
is it any wonder that as an
aftermath some of the people
should conclude that they had a
right to do some governing with-
out process of law? They knew
or felt that the law was being ig-
nored by the government. Thru
its Attorney Generals, Palmer or
Daugherty, we had "Red Raids"
and injunctions, regardless of the
rights to be free from search or
seizure except on due process of
law and in violation of the Clay-
ton act, so the Ku Klux Klan
flourished in its organization—to
privately or a limited group—to
rule the country. It makes general
claims of its purpose which sound
good and may be in some respects
right and if they are there is just
one association that can safely
adopt them for the protection of
all and that is the nation. When
any policy is of such public inter-
est as to necessitate force to
make it effective. Then that
policy should be crystallized into
law and should bear on all in-
dividuals alike, for those living and
those yet unborn who will take
our places in generations to come.
It is only in that way that the in-
dividual can be protected. No
one individual for a single mo-
ment of time should be excluded
from the benefits of that mem-
bership and that protection—the
rule.

The law should apply to all, not
a few, not a class. The Fascist
of Italy is only the Klan under
another name.
The law should be strong
enough and it is in this country,
we don't need more law now,
some probably ought to be chang-
ed, others repealed, but all
changes should be made with
great care and deliberation. But
the law and judgments of forbe-
arance as to punishment must not
and can not be safely permitted
to be delegated to a few who
moreover are not chosen by the
many, who act without authority
and are not accountable for their
conduct to the public.

Such an organization under-
mines, destroys and supercedes
lawful government.
The law is the rule, the nation
thru its officials only have the
right to enforce it. "As strong as
the law and no stronger," means
safely to human rights. Back to
the law. The war is over.

Respectfully,
William N. Hairgrove.

**BELOIT COLLEGE
EASY WINNERS**

Beloit, Wis., Oct. 14.—Beloit
College won its first Wisconsin
state conference game today over
Northwestern College of Water-
town, 64 to 0. Speed in the Be-
loft back field enabled Beloit to
score almost at will.
Addie Langworthy and McAu-

**GEORGETOWN DOWNS
CINCINNATI UNIVERSITY**

Washington, O., Oct. 14.—By ster-
n line plunges, end runs and
forward passes Georgetown Uni-
versity's heavy football eleven ran
up a 27 to 0 score against Cin-
cinnati University today, despite
a stubborn defense by the visiting
team which fought pluckily thro-
out.

**CARROLLTON LOSES
TO CARLINVILLE**

Carrollton, Oct. 14.—Car-
rollton High was defeated here
this afternoon by Carlinville High
by a score of 44 to 13. The vis-
itors presented a strong team and
Carrollton was unable to gene-
rate their defense with any de-
gree of success.

**QUINCY HIGH
DEFEATS PITTSFIELD**

Quincy, Ill., Oct. 14.—Quincy
high school's football team took
the lead in the race for champion-
ship of the Mississippi Valley

ILLINOIS-NORMAL IN SCORELESS TIE

Neither Team Is Able to Score
Thruout Game—Blue and White
Try to Present Game to Nor-
mal.

Coach Harmon's Illinois Col-
lege football team spotted Normal
150 yards by fumbles in the game
at Normal yesterday and then
held her to a scoreless tie at the
end of a hard fought game.

The game was played on a mud-
dy field in a constant downpour
of rain and both teams had diffi-
culty in holding the ball. Rogers
who did wonderful work in re-
turning punts in Carthage game
was unable to get the ball to stay
in his arms and every time he
fumbled the ball Normal recovered
it.

But few times during the game
did either team threaten the other's
goal. In the closing minutes
of play Normal was close to Illi-
nois goal but could not put over
the counter.

Normal could not do anything
with the Illinois line in straight
football most of their gains be-
ing due to Illinois' fumbling. Illi-
nois was not able to put enough
punch in her attack to score a
point. The lineup:

Normal	Illinois
Dale L.E. . . . Changnon	Ridd L.T. . . . Boyer
Weber L.G. . . . Peck	W. Roberts C. . . . Doty
Gibson R.G. . . . Homan	Ribbel R.T. . . . Hoffman
Mellon R.E. . . . Bolln	Elder Q.B. . . . Harrison
Rogers L.H. . . . Donnierta	Struck R.H. . . . Butzow
J. Roberts F.B. . . . Stuhmer	Substitutes, Illinois—Meski-
men for Rogers, Short for Struck.	Witcheek for Dale. Normal—
Hirst for Boyer Berlette for Be-	llia, Taubneck for Stuhman, Stuh-

ST. PAUL BEATS BALTIMORE 4 TO 3

ST. PAUL, Minn., Oct. 14.—
Ernie Krueger, a catcher who
went into the outfield to aid the
tripped St. Paul team in the sixth
game of the "Little World
Series" was the hero of today's
game with the Baltimore Orioles,
making two home runs, one of
which provided the winning run
when the score was a tie. St. Paul
won 4 to 3.

"Rube" Benton pitched a master-
ful game for St. Paul, fanning
nine and allowing one one base on
balls. In the sixth inning with
no on base he retired the side on
strikes. The Saints have won two
consecutive to the International
League leaders four. The two
teams will meet again tomorrow
with Baltimore needing only one
contest to win the series titles.

Score: R. H. E.
Baltimore . . . 000 300 500-3 10 1
St. Paul . . . 201 000 01x-4 9 2

TWO PLACE KICKS WON FOR MISSOURI

AMES, Iowa, Oct. 14.—The bril-
liant kicking of Lincoln, Mis-
souri's star fullback, who placed
two field goals between the bars
from the 29 and the 40 yard line
respectively enabled the Tigers to
defeat Iowa State College team 6
to 3 today. Ames battled to
the finish, tying the score in the
fourth period with a long place
kick between the bars from Rol-
aris' toe.

DRAKE BEATS KANSAS 6-0

Des Moines, Oct. 14.—Battling
inside their 15-yard line for al-
most three-quarters of the game,
Drake university took the offen-
sive in the third quarter of the
Drake-Kansas contest this after-
noon and defeated the Jayhawk-
ers 6 to 0. The Drake line held
Kansas powerless after the Jay-
hawkers had carried the ball deep
into the Bull Dogs territory.
Drake's victory was won en-
tirely on straight football from
Minnesota shift formation.

S. W. INGALLS NOW IN SOUTHERN CITY

The St. Petersburg, (Fla.) In-
dependent in a recent issue gives
an interview with S. W. Ingalls,
formerly of this city, who is now
listed among the St. Petersburg
residents. In referring to Jack-
sonville as the old home of W. J.
Bryan, Mr. Ingalls told the St.
Petersburg people about the
great audience that assembled in
August to hear Mr. Bryan from
the chautauqua platform, and
also related the history of Mr.
Bryan's first political speech
here, when he was introduced by
the late Tim Flynn.

Discussing other things about
Jacksonville, Mr. Ingalls said:
"You know, the increase in the
ratio of insane people to those
who get by as sane, is alarming."

"In Jacksonville, we have the
state insane asylum and it is
packed full—about 3,000 per-
sons. There are five such insti-
tutions in Illinois and I have been
told that everyone of them is filled
to capacity."

"A few years back, only a few
persons were in the insane asy-
lum. We have two or three times
as many now."

"Some smart fellow has figured
out that at the present ratio of
increase, we would all be crazy
within a few years and sometimes
I think he is about right."

"St. Petersburg is the prettiest
place I've seen in the United
States. Property value impress-
me as being high here. May be
that is by comparison with values
back in Jacksonville. We have a
lot of friends in Jacksonville who
are interested in coming to St. Pe-
tersburg. Since arriving here I've
found a number of Jacksonville
people. Also I've found a number
of others who came here from
places near Jacksonville."

"Jacksonville is a pretty place,
with lots of pretty lawns and
huge elms. But St. Petersburg
excels her for the most substan-
tial and better kept houses."

WABASH TRAFFIC IS DELAYED BY WRECK

Because of a derailment of
freight near Naples this morning
No. 4 the east bound Wabash
passenger was about two hours
late. Four cars of the freight
train were derailed and the re-
pairs required several hours. The
passenger train was held at
Griggsville by the wreck.
Passengers were transferred
between trains three and four and
both trains returned the way they
had come. The Illinois college
football team leaving for Normal
was greatly delayed in reaching
its destination.

PRESBYTERIAN SYNOD WILL MEET SOON

State Gathering Will Convene in Streator Next Tuesday.

The synod of Illinois of the Presbyterian church in the U. S. A. will meet at Streator, October 17, 1922. The retiring moderator, Rev. M. G. Hull, of Mattoon, will preach the opening sermon. Addresses will be delivered by Rev. J. W. McDonald of Decatur; Rev. Warren H. Wilson of New York; Rev. Josiah Sibley, Rev. W. C. Covert and Rev. J. G. K. McClure of Chicago, and others.

The synod will discuss plans for the year in the light of the report concerning the denomination at situation which were made at the general assembly at Des Moines, Iowa, in May, 1922. It appeared from these reports that the Presbyterian church had broken its record for enrolled communicant members passing the million and three quarter mark and its record for Sunday school enrollment, the highest in its history. The church had held its own in spite of the stringencies of the year and made a \$300,000 increase in total contributions. The total contributions thru the year by Presbyterians for all purposes were \$47,344,000. Of this amount \$11,000,000 was reported raised for the denominational benevolence budget of \$12,000,000 or 91 per cent. Thru a new statistical report plan it was discovered that \$9,377,000 of this amount had actually been paid in thru denominational official treasurers. Plans will be discussed for bringing the actual receipts by denominational treasurers up to the full amount of the budget which for the current year is \$14,500,000.

The synod will report an increase in communicant membership and an increase of 4,500 members enrolled in Sunday schools. The contributions of the synod towards all purposes for the year will be reported as having been \$3,330,522, an increase of \$241,000 over the previous year. Five hundred and sixty-seven churches of the synod, enrolling 116,877 communicant members, have shifted their emphasis during the year to some degree from the support of the benevolence budget of \$1,000,000 and various outside interests to their own local purposes. The increase in congregational expenses has been \$342,000 with a decrease reported to the denominational benevolence budget of \$58,000. The synod has raised not quite half of the quota assigned it by the committee on appointment of the general assembly.

In order to meet this situation an intensive stewardship campaign has been planned together with a complete co-ordination of

church forces thruout the synod. This synod is one of the largest units in the Presbyterian church and has in its membership some of the most generous individuals in the church. It is expected that the co-ordinated campaign will stimulate the whole work of the denomination in the state.

A national convention of laymen will be held in Kansas City the first week in December at which some men of national prominence and the strongest denominational leaders will be heard on international, national and local tasks of Presbyterian churches. The foreign mission task of the church, the national mission project and the educational and relief policies and goals of the denomination will be discussed in group conferences with those who are interested in developing Presbyterian resources along this line. Rev. William Hiram Foulkes, D. D., secretary of the Presbyterian New Era movement, is visiting the Far East and will report on various phases of the denominational enterprises at this convention.

LEVIN SUGGESTS DEBATE ON KLAN

Independent Legislative Candidate Would Like to Meet Rev. A. P. Howells on Platform—Minister Declines Pre-Election Word Contest—Letters Are Exchanged.

Isidore Levin of Springfield, who is independent candidate for member of the general assembly, has challenged Rev. A. P. Howells to a debate as the result of a sermon recently preached by Mr. Howells on the subject: "Did the Ku Klux Klan Discover Christopher Columbus?"

Mr. Howells in answering Mr. Levin, declines to join in a debate until after the election. Both letters are couched in somewhat caustic language.

Mr. Levin's letter and reply of the Jacksonville minister is appended:

416 E. Capital Ave.,
Springfield, Ill.,
Oct. 13th, 1922.

My Dear Sir:

I have been informed that you are in sympathy with the Ku Klux Klan.

I hereby challenge you to a debate in any large church, school or court house with the understanding that if admission is charged, that receipts above expenses be given to charitable purposes agreeable to both of us.

This challenge is good for any Klansman who is willing to take your place and is recognized to be a leader in your community. I sincerely believe that the Klansmen are 80% anarchists and by the use of beautiful phrases such as "protection or pure womanhood," and 100% Americanism have lured good citizens into this invisible Empire which cannot live in a Republic without ultimate destruction of the latter.

I have penetrated your alleged secret and you might as well come out in the open and uphold your code of anarchy in debate with me. If you prefer you may wear a mask and gown at the debate.

Sincerely Yours,

Isidore Levin,
Independent Candidate for
Member General Assembly.

Mr. Howells' Reply.
First Baptist Church,
Jacksonville, Ill.,
Oct. 14, 1922.

Mr. Isidore Levin,
Springfield, Ill.

Dear Friend Isidore:

I was delighted to receive your letter today, suggesting a debate on a question which you failed to state. Perhaps you were rushed to get this off on the Wabash bus line and so overlooked the need for stating your question. You gave me an idea, however, of a plank in your platform, which I have concluded is similar to one voiced by funny page Congressman Gump, who "wears no man's collar," and is "100% for the people." Evidently from the tone of your letter you are worrying about the Ku Klux Klan for fear they will bury you deeply in the cemetery of "has runs" early in November.

If you are soliciting me for a debate on the Ku Klux Klan, please count me out until after November 7, friend Isidore, for I am not a Klansman and you will have more time to discuss the subject when the election is over.

I take it for granted, from your name, that you are a Jew. It is generally conceded that the Ku Klux Klan is anti-Semitic, politically, but not religiously, for if I understand the teachings of the order of which I am not a member, it attacks no man's religion so long as it is kept separate from the state. I am not a Jew hater. I could not be. For each Christian Sabbath established by Christian Jews, I read from the Christian New Testament written by Christian Jews, about Jesus Christ, claimed by Jewish writers to be the Jewish Messiah.

But when certain political clams of that faith in New York City passed a ruling that Christmas exercises in the public schools of the city should be forever prohibited, it was a direct attack on the Protestant faith of America. The Catholics had already declared that the public school system was Godless and had withdrawn into their own parochial schools, where no Jew could touch them. This is no reflection on the thousands of liberal Jews thruout the country who have so liberally supported the Young Men's Christian Associations, but shows the need for an invisible hand on the pilot wheel of the ship of state.

I am sorry that you "sincerely believe that the Klansmen are 80% anarchists." Delightful has it been for me to sit with brethren of your own race, the Hebrew, in the Blue Lodge of Masonry, with other men of all races, free born and well recommended, but it grieves me to think that so many of them connected with the Klan have been branded by you as fit subjects for deportation. Perhaps you belong to the Jewish Zionists who at the present time are trying to build up a great city around the site of King Solomon's temple.

So, friend Levin, just call off this mortal typhoon until the calmer days of early November, when, if you are not in the Hebrew school, from whence no politician ever returns, I shall be glad to accept your challenge.

Hebraically Yours,

A. P. HOWELLS.

CUBA SETS STAGE AND ARRANGES THE SCENES FOR THE NOV. ELECTION

**Powder Smoke Has Already Swirled Around
Some of the Back Stage Props—Action
Promises to be Fully as Exciting as That
in the Presidential Election Held in 1920**

HAVANA, Cuba, Sept. 29.—With the scenery arranged from the viewpoint of the uninitiated after a jig saw puzzle pattern, the stage has been set far in advance for the partial elections to be held thruout Cuba on November 1. Already powder smoke has swirled about some of the back stage props which represent rural districts, and the action of the election play promises to be as exciting as the presidential election drama staged in November, 1920, when Alfred Zayas took the leading role and General Jose Miguel Gomez called in the United States on the claim that the theater had been packed by his successful rival.

In the coming elections half of the membership of the national house of representatives; of the Havana city council, and of the six provincial councils will be renewed, and new mayors for all Cuban cities and new governors for all the provinces will be selected.

Party lines are drawn without rhyme or reason for no political issues, outside of patronage, govern the organizations. Speaking generally, seven parties will have candidates in the field: The Liberal, Popular, Conservative, National Socialist, Good Government, Nationalist and Republican. The last named four are new organizations, and a great deal of their support will be split among the first three parties. Of these, the Liberal only shows a united front. In the last presidential elections the Conservatives and Populars united to form the National League, and they elected President Zayas. But in the year following their victory, the erstwhile coalitionists again drew apart. They have come together on only two important candidates, Benito Leguereira for mayor of Havana, and Eulogio Sardinias for governor of Havana province. Both are members of the house of representatives.

Various other factors, including the financial difficulties of the government, have helped to complicate the situation. The federal election board has declared that the \$600,000 appropriated by the government is insufficient for registration and election purposes, but despite congress' neglect to advance the \$400,000 additional

which has been requested, the election boards thruout the republic are proceeding with their duties. As on other occasions, when political elements who believed they were not treated fairly have sought to enlist the aid of the United States government to support their claims, attempts have been made this year to bring Major General E. H. Crowder, the special American representative into the fray. The grounds for this appeal, and the American envoy's stand, are clearly set forth in a letter written by General Crowder and recently made public.

"The theme and the arguments adduced might well be applied to the general situation, national as well as municipal," the general said in reference to a report submitted to him on the municipal (Havana) electoral situation. "More important than all which is dealt with in the memoranda is the condition of the registry lists, according to the report of the Municipal Junta, as approved by the provincial Junta. This last phase of the electoral situation has been the subject of more than one conference with the executive (President Zayas). Several communications have been written in regard to it. The matter

WAVERLY PIG CLUB SHOW OCTOBER 19

Will Be Feature of Farmers Institute Program Next Thursday
Other News From Waverly.

Waverly, Oct. 15.—The Waverly pig show will be held at Swift and Beattys barn at 9:45 A. M., Thursday, Oct. 19 at 2:30 in the afternoon. Two Farmers' Institute speakers will address the men and women at separate meetings held at the auditorium of the high school and the Bijou theater.

Mrs. Bird Peebles of Carlinville is spending a few days visiting at the home of Mr. and Mrs. William Peebles.

W. B. Curtiss has been appointed mayor to succeed Mayor C. A. Carter who has secured employment in the East St. Louis stock yards.

Mr. and Mrs. L. J. Brian of Cadogan, Tex., are visiting the home of Mr. and Mrs. W. A. Barrow.

Mrs. Annie Turner of Los Angeles, Calif., has arrived for a visit with her daughter, Mrs. Paul Allyn.

The condition of Mrs. John Mitchell who suffered a stroke of apoplexy last Sunday, remains unchanged.

Mr. and Mrs. Berry Lobb of Lincoln, Neb., are visiting the latter's sister, Mrs. Rebecca Horton.

W. L. Carter has returned from Chicago where he went as a delegate from Waverly lodge 118 A. F. and A. M. to the state Masonic convention.

AMERICAN LEGION NEWS NOTES

NEW ORLEANS — Two men giving the names of H. A. Blume and A. R. Darrah, were arrested by New Orleans police September 29, on charge of attempting to capitalize the Legion convention and obtain money under false pretenses. Fictitious dance tickets purporting to be issued by veterans organizations were found in their possession.

New Orleans.—A reunion of the doughboy and the doughnut will be effected when Salvation Army girls distribute thousands of doughnuts and cups of hot coffee to visitors at the American Legion national convention in New Orleans, October 16-20.

During the war the Salvation Army won the hearts of all American fighters with the doughnuts prepared oftentimes within range of the German guns.

Two booths will be established by the army in convention hall and "doughnut dugouts" will be placed on the downtown streets. A rest room, the replica of the familiar war camp huts in France will be installed.

Under the direction of Lieut. Col. George Wood, commander of the Southwestern Division of the Salvation Army, officers and lassies from all parts of the country will be assembled at the Legion gathering. The army girls who come will be assigned solely to the work of making and serving doughnuts and coffee.

New Orleans — "Wounded" buddies will suffer no long waits for medicinal attendance by New Orleans during the American Legion national convention, October 16-20.

Five permanent first aid stations manned by army corps veterans and equipped with first aid supplies by the American Red Cross will be ready to give the ex-service men medical attention at all times. Temporary stations will be maintained at railroad depots and hotels while Legionnaires are arriving.

Medical corps men will be present at all athletic events, parades and convention halls to look after sanitary conditions and to give first aid if needed. An ambulance corps consisting of 15 motor units and an army field hospital will be centrally located where they will be easily accessible in case of need.

Central headquarters for the medical corps will be at the American Legion home, Royal and Conit streets, and liaison between the first aid stations and headquarters will be maintained by boy scouts.

Mrs. Henry T. Rainey Talks to Woman's Club

"The important function of women's clubs is to mold public opinion," declared Mrs. Henry T. Rainey, prominent club woman of Carrollton, in an address yesterday before members of the Jacksonville Woman's Club, gathered at Central Christian church for the annual luncheon. Two hundred and fifty women were present at the luncheon and heard Mrs. Rainey's excellent address on the subject of "Women's part in making public opinion."

The luncheon, served at one o'clock by the ladies of Christian church was in charge of the members of the Domestic Science Round Table. Mrs. H. Buckthorpe was the chairman of the hostess committee and a large number of ladies acted as hostesses at the different tables. Roses, and autumn flowers combined with lighted candles, furnished table decorations for the function. Those who were the hostesses for the day were, Mrs. A. B. Williamson, Miss Amy DeMotte, Miss Idella Walton, Mrs. Samuel Black, Mrs. Eugene Caldwell, Miss Frances Wood, Mrs. W. H. Cocking, Mrs. C. B. Massey, Mrs. G. W. Randle, Mrs. Joseph Jackson, Mrs. H. B. Kamm, Mrs. Carl Robinson, Mrs. M. Van Houten, Mrs. Marcus Hulett, Miss Hulett, Mrs. J. N. Kennedy, Mrs. John Rose, Mrs. J. W. Lane, Mrs. M. E. Range, Mrs. Lewis Hack, Mrs. O. N. Barr, Mrs. Homer Pott, Mrs. Charles Graff, Mrs. G. E. Baxter, Mrs. W. O. Baumgartner, Mrs. T. H. Buckthorpe, Mrs. B. F. Lane, Mrs. Geo. Bradley, Mrs. G. A. Sieber, Mrs. C. E. Williamson, Mrs. Clarence Rataichak, Miss Anne McCormick, Mrs. M. D. Shanahan, Mrs. H. P. Mohn, Mrs. Henry Goebel and Mrs. Ornsby Dawson, Mrs. J. W. Clary and Mrs. Clark Greene had charge of the tickets for the luncheon.

After the luncheon had been served Arnold Lovejoy, head of the vocal department of the Illinois College, Conservatory of Music, sang a group of songs accompanied by Miss Esther Duncan at the piano. Mr. Lovejoy took as his selections, "He and She," by Little; "Break, Break Break," by Carey; and "I'm wearin' awa," by Foote. Mrs. A. B. Williamson, president of the club then spoke a few words of greeting and spoke of the growth of the club during the twenty-five years since it was founded. She also spoke of two members of the club who passed away during the past year, Mrs. George Tremblett and Mrs. Clifton Corrinon, and asked that all rise for a moment of silent tribute to their memory. Following this Mrs. Williamson introduced the speaker of the day.

Mrs. Rainey began her address by speaking of the time when twenty-five years ago she was invited to Jacksonville as a delegate to the first meeting of the state federation of women's clubs. It was due to the courageous women of twenty-five years ago that the women's clubs have been changed from the purely literary club of yesterday to the departmental club of today, with its larger outlook for community and state wide service.

Illinois has always been in advance of all other states in regard to civic recognition granted to women, Mrs. Rainey pointed out. Three quarters of a century ago, Illinois granted to women the same property rights which had long been enjoyed by men. Illinois was the first state in the union to ratify the Woman's Suffrage amendment and Mr. Rainey had the honor of announcing this fact from the floor of the House of Representatives in the Congress of the United States.

Women Have Been Great Force
Women have always been among the great forces that precede public sentiment. The events of twenty-five years ago occurring when the Jacksonville Woman's Club had its birth, were important in the legislative history of Illinois. Many things were accomplished thru the "legislative mill," and people thought that all substantive evils could be remedied by law.

At that time the women of the state, without suffrage and with public opinion their only weapon, succeeded in securing the passage of the Illinois Compulsory School Law, The Illinois Child Labor Law, and the Juvenile Court Law of Illinois. With the support of Morgan County women these laws were first put into operation in this county. Mrs. Rainey at this point paid a tribute to the late Dean F. S. Hayden, who helped to interest the clergy of the state of Illinois, in the passage and enforcement of these laws. Jacksonville had its full share in these great and permanent reforms said Mrs. Rainey.

Within the last twenty-five years women have interested themselves in the social, industrial and economic prospects of national life. They have brought their influence to bear on legislatures and urged the establishment of bureaus for the enforcing of laws. Mrs. Rainey voiced her disapproval of the establishment of more so called "bureaus," saying that the bureau means great additional expense to the government, greater taxation for the people and the employing of a great number of additional workers. There is a point in the creation of bureaus for the enforcement of

laws, where the work should stop before becoming a greater burden to the taxpayers of the country. Public opinion created by the club women of the country can be a greater factor in the enforcing of laws now on the statute books, than any number of bureaus.

Public Must Back Law
"Back of all laws, in order to make them effective, must always be the force of public opinion," said the speaker. "Conditions cannot always be remedied by laws, but they can be remedied thru the education and molding of public opinion. There are conditions in the country which legislation can only accomplish by the stimulating and direct energy of the people upon some definite line."

In speaking of the evolution of the club program, Mrs. Rainey spoke of the radical sentiment, and whirlwind of revolution which seems broadcast thruout the land, among educated and cultured women as well as among people of other classes. She congratulated the Jacksonville club on their conservative and sane attitude toward questions of today. Twenty-five years ago the clubs studied literature, art, music, education and philanthropy, each club having a committee on each of these subjects. The work of these committees have been so revolutionized that now their influence reaches out into the community as a progressive, patriotic agency for better citizenship and a better community. Mrs. Rainey urged that club women see that the laws which are already on the statute books be enforced and economically administered.

The important function of women's clubs, according to Mrs. Rainey, is to make public opinion by reading, thinking and discussing the questions of vital world wide interest today. "Women are no longer ornamental, nor are they merely household workers, said Mrs. Rainey. "We cannot live apart, for every question of today has its international aspect. We must organize the sanity and kindness of the work to fight for world wide peace and happiness. The windows of every home must open to the world."

Function of Woman's Clubs
When we look over the field of organizations we realize that there is no organization of men's clubs created for the purpose of reading and discussing problems of the day. There are the great commercial clubs, national in their scope, whose object is to increase business and whose importance along economic lines cannot be overestimated. It is left for women's clubs to give the cultural or ethical side to every question and to make more effective the work of these great organizations. In the days of many years ago, women were without the conveniences that make easier the work of the house wife of today. Women now have more leisure to read and study civic questions and to qualify for service in civic activities."

Mrs. Rainey then spoke of some of the questions of present day importance and interest which, in her judgment, are worth the leisure time of women to read and discuss. She spoke of the League of Nations, and of other important world wide problems which are crying for consideration and solution. The speaker urged that women know the conditions and the analyst back of what they read in order that they may gain insight and a real knowledge of conditions.

In closing Mrs. Rainey said "It is not what I say, but what you are thinking that counts in this world of chaos. After the Peace of Versailles and the failure of the treaty, a kind of torpor settled on the hopes of mankind; the pall is lifting and I say to you, light your own little lantern along the dark road ahead."

Following the address there was a short business meeting of the club and Mrs. David Reid gave a report of the social service committee. The programs for the coming year were given out and Mrs. J. K. C. Iperson, chairman of the program committee made a short report. Mrs. Guy L. Flaw of Beardstown was a guest at the speaker's table at the luncheon.

The program for the year and the officers of the club are as follows:

WOMAN TELEGRAPHER
WINS FIRST PRIZE

BERLIN—(By The A. P.)—Sending 2,588 words an hour on a Siemens printer, Erna Bansemer, of Breslau, won the speed championship of an international telegraphic competition held here recently. The second prize also went to a German woman.

Of seventy two prizes offered, German contestants captured more than a third. The chief awards fell to competitors of the various nationalities as follows: To Italians for the Morse apparatus; to Germans for the Hughes, the Siemens, and for radio, to Spanish for the Baudot, and to Danish for the Wheatstone. Oskar Schindler, of Vienna, won the master-telegraphist trophy for being a prize-winner on three different types of apparatus. The award consisted of a large silver urn offered by the president of Germany.

The contests were held under the auspices of the German postal administration. State Secretary Bredow, addressing the assembly gathered to witness the award of prizes, eulogized Heinrich von Stephan, Germany's first postmaster-general, as the founder of the world postal union. Doctor Bredow also declared it was Germany who aroused worldwide interest in wireless telegraphy by summoning the first international convention for radio in Berlin in 1903.

OVER MILLION DOLLARS WAS EXPENDED BY RED CROSS IN RELIEF WORK

**Forthcoming Annual Report Will Show That
Amount Was Expended During the Fiscal
Year Which Closed June 30—Hurricane
and Tornado Caused Greatest Loss of Life**

WASHINGTON, Oct. 14.—Seventy-two disasters in which 674 persons were reported killed and 521 injured, called for emergency relief measures and the expenditure of more than \$1,441,000 by the American Red Cross during the fiscal year ended June 30. According to a statement based upon the forthcoming annual report of the Red Cross, these disasters caused property damage estimated at more than \$30,000,000 and rendered more than 145,000 persons homeless or otherwise in need of assistance. In one section alone, the report states, on the Louisiana-Missouri border, the Red Cross fed daily for weeks more than 35,000 flood refugees.

The greatest toll of life was taken by hurricane and tornado, while the overflowing rivers, the breaking of dams and torrential rain storms drove the greatest number of people from their homes. Fire also played an important part in the chain of disasters which made insistent demands for Red Cross relief workers.

The year's disasters reported included 26 floods 19 tornadoes or storms, 15 fires, 4 epidemics, 2 theatre collapses, 2 airships one of which was the wreck of the U. S. airship Roma, a bridge collapse, mine explosion, railway collision and a drought.

Of the floods, that at San Antonio, Texas, caused the greatest property loss, \$6,000,000, and the heaviest fatalities 160. Among the unusual disasters was that reported from China, where, last May, the American Red Cross chapter at Peking went to the relief of non-combatants wounded during the fighting at Ch'ang Hsin Tien.

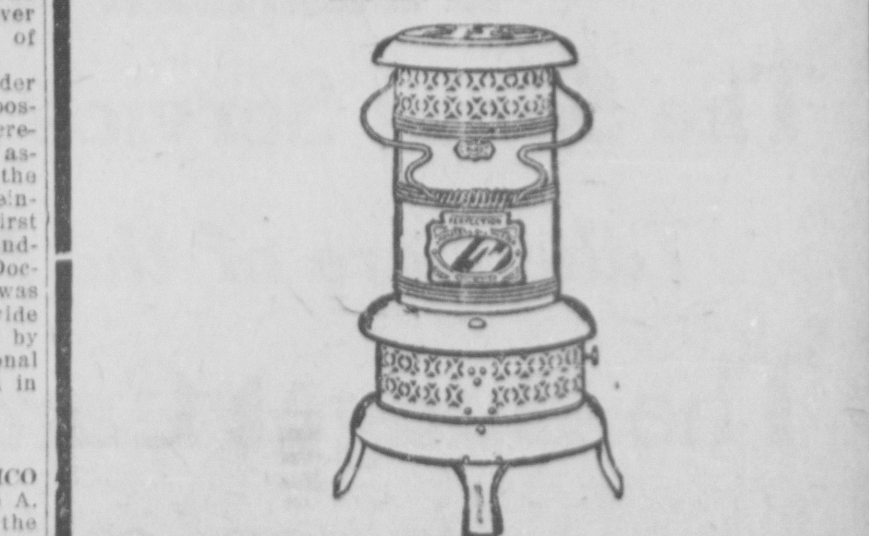

"Most of them," the report dryly added, "were hit by bits of flying pottery shot up by the retreating forces."

In Red Cross disaster records there will probably remain as a (Continued on Page Ten.)

HOLLYHOCKS

The streets of heaven, I've been told,
Are paved with bricks of solid gold;

The gates are all of precious stone,
And poverty's a thing unknown;

No thunder-showers enter there,
For every day is dazzling fair.

Yet, strangely, I have never heard
A flower mentioned, or a bird.

And I'm quite sure that I would tire
Of playing on a golden lyre;

So, if there's room, along the walks
I think I'll plant some hollyhocks.

I'll water bring, to make them grow,
And tend them with a golden hoe.

If Gabriel should pass my way,
I'm certain he'd sit down and stay.

—WAYNE GARD.

TO AN OCEAN STEAMSHIP

Oh, grand, majestic rover of the deep,
How stately is thy proud and beauteous form!
I see thee plow the ever rolling waves,
And ride triumphant through the raging storm.
Thy freight is precious, human life and goods;
A wealth to thee untold is oft consigned;
The products of the sunny fields and woods,
The treasures that from Mother Earth are mined.
The trusty pilot guides thee on thy course
Mid all the dangers of the ocean vast;
By hidden reefs and cruel ledge of rocks
He brings thee safely into port at last.
My bark is sailing on the sea of life;
My Pilot one in vision oft I see;
He'll guide me safely though the way be dark
Into the port, a blest eternity.

—S. W. NICHOLS.

OVER MILLION DOLLARS WAS EXPENDED BY RED CROSS IN RELIEF WORK

(Continued from Page Nine.)
chapter by itself the details of one calamity which touched nearly every state with a sense of horror. This was the collapse of the roof of the Knickerbocker Theater in Washington, D. C., which resulted in almost 100 deaths and 125 persons injured. Located in the section of the National Capital containing fine homes and great apartment houses, this movie picture theatre was patronized by many persons of prominence in the official and civil life of the city, persons whose connections radiated over the entire country. The horror was intensified by a blizzard, which, tho it retarded, did not block the Red Cross relief efforts.

The crash and destruction by fire of the U. S. army dirigible Roma in Virginia, last February, with the loss of a score of officers and enlisted men, was the first disaster of its kind in this country to call for Red Cross relief. The suddenness of the accident tested the readiness of the organization and of the chapter at Hampton, Va., but the response was immediate. Not only was relief furnished the survivors according to the report, but funds were provided to bring relatives of the dead to the scene from long distances.

In the year's record of aid rendered overseas by the American Red Cross are two fires in the Philippine Islands, one in Manila which destroyed 1,000 homes with a loss of \$1,500,000 and 5,000 persons rendered homeless, the other at Tombo which drove 3,000 from their homes. In medical relief that was quick and effective the small pox epidemic at San Domingo, with a total of 22,000 cases and 225 deaths in a single day, tried the resources and preparedness of the Red Cross for action in epidemics.

A hurricane in San Domingo, and a flood in San Salvador also tried the Red Cross resources but refugees were effectually cared for on much dire distress relieved.

Perfect Relief Measures.
The year has seen the further perfection of disaster relief administrative measures in every field, it was reported, and that the work may be carried on to still greater accomplishments the American Red Cross is appealing for a world-wide renewal of membership during the annual roll call which is to be conducted between Armistice Day, November 11, and Thanksgiving Day, November 20.

The geographical distribution of the disasters in which relief was quickly afforded by the Red Cross shows the widespread character of the relief measures available. The detailed list in the annual report shows measures applied in the following localities:

Floods—Brazos, Colo.; Gibson and Knox counties, Ind.; Riverside county, Calif.; Perry county, Mo.; Dyer county, Tenn.; Jamestown, Ark.; Dona Ana county, N. M.; Everett, Wash.; San Antonio, Tex.; El Monte, Calif.; Robertson county, Tex.; Cynthiana, Ky.; Clayton county, Iowa; confluence of Ohio and Mississippi rivers; Greene county, Ill.; Tipton, Tenn.; Grayville, N. Y.; East Arkansas; Burlington, Kansas; Wickliffe, Ky.; Cairo and Beardstown, Ill.; Vicksburg and Natchez, Miss.; Fort Worth, Tex.; Rio Grande Valley, Tex.; San Salvador, Torando or Storm—Richland county, Mont.; Athens, Ga.; Tampa, Fla.; Grasonia, Ark.; Clarks-

dale, Miss.; Yazoo City, Miss.; Union Parish, La.; Warrensville, S. C.; Latimer county, Okla.; Sunrise, La.; Beaumont, Texas; Chionelle, Ala.; Runnels and Galahau counties, Tex.; Hendrick, Ind.; Orestes, Ind.; Allen county, O.; Nueces county, Tex.; Cugaize county, O.; Croix river district, Wis.; San Domingo, Fire—Marysville, Calif.; Jamestown, Ark.; Auburn, Calif.; New Haven, Conn.; (theatre); White Plains, N. Y.; Garfield, N. J.; Naugatuck, Conn.; Middletown, N. Y.; Norfolk, Va.; Potomac City Md.; Richmond Hill, N. Y.; Arverne, N. Y.; Manila and Tondo, P. I. Epidemics—Garroll county, Va.; typhoid-dysentery; Jacobstown, N. J.; typhoid; Owensboro, Ky.; diphtheria; San Domingo, smallpox. Shipwreck—S. S. Alicerta (survivors brought to New York). Drought—Marfa, Texas. Bridge Collapse—Chester Pa. Railroad Accident—Bryn Alyn, Pa. Mine Explosion—Gates, Pa.

CUBA SETS STAGE AND ARRANGES THE SCENES FOR THE NOV. ELECTION

(Continued from Page Nine.)
is now in the hands of the Central Electoral Junta.

Amendments Lamented
"Of course, it is to be lamented that the Electoral Code (framed by General Crowder in 1919) should have been amended as it was by the law of Jan. 2, 1922, known as the 'Law of Non-Reorganization,' which has had the effect of delivering the faculty of making nominations for the next election to the executive committees of the various parties.

"Many complaints have been made to the Legation, stating that the 'nominations' made this year by the executive committees are of a very inferior quality, and this would have been obviated in great part had the parties been reorganized this year in accordance with the clear and precise precepts of the Electoral Code as proclaimed in 1919.

"The memoranda recommended that all candidates nominated up to the present time be asked to resign, and that the parties, after being reorganized, make new nominations, postponing the election for the necessary time to carry out these measures and extending the present municipal term until the date fixed for the new elections.

"It is possible, altho hardly probable, that this suggestion will be carried out. We can say nothing until the negotiations have gone a little further."

The attitude of President Zayas in the face of the split in the Populace-Conservative coalition which elected him, also is causing concern and complicating the situation. It is reported that the president, in view of the impossibility of satisfying the demands of the conservative (adherents of ex-president Mario G. Menocal) and the Populace (former Liberals who followed Zayas from the parent organizations) in considering the feasibility of re-entering the Liberal ranks, if they sweep the November elections. The storm which has centered on the administration because of the country's financial difficulties and the recommendations of General Crowder have, however, given him little opportunity to reconstruct his political fences.

ILLINOIS COLLEGE NOTES

The College has recently received a book of newspaper verse, edited and published by Frank P. Davis, of Enid, Oklahoma. This volume contains two poems by Wayne Gard '21—"Gypsy Girl" and "To a Butcher Bird," originally published in the Chicago Evening Post; and "Just You and I" by William A. Bartlett, Jr., and "Moth Mullen" by John Kearns '00—both of the latter published originally in the Jacksonville Daily Journal. It is certainly a compliment to these Jacksonville poets to have their verses selected for publication in this Anthology of Newspaper Verse.

The total registration in the College Department is 287 and not 265 as incorrectly stated last week in the notes.

Dr. Carl E. Black will deliver his address on "The Present Situation in Greece and the Near East" at the chapel exercises next Monday morning at 9:50. The address was originally to have been given last Monday, but was postponed.

President Rammelkamp went to Chicago on business connected with the College Thursday.

At the meeting of the College Y. M. C. A. last Wednesday evening there were over forty men present. The subject for discussion was "The cause of evident lack of enthusiasm in regard to Church attendance and interest in Church affairs." It was planned to have a revival for Sunday morning. The men will meet in Harold Downs room in the dormitory and go down in a body to the various churches. The meeting of the Y. M. C. A. next Wednesday evening will be led by Coach Harmon and the subject for discussion will be "Clean Athletics."

The Y. W. C. A. Advisory Board met with Mrs. Rammelkamp Friday evening to discuss plans for the year's work.

The publicity department of the Y. W. C. A. is conducting a courtesy campaign among the students.

Miss Florence Schwewe of the Conservatory has been visiting in St. Louis during the past few days.

The Budget Drive for the Y. M. C. A. began Friday. The students hope to finish the drive by next Wednesday.

About ten College boys went down to Valley City Saturday morning to help with the large apple crop which the cold storage plant is handling.

COLLEGE OF MUSIC NOTES

Owing to an unusually large enrollment in the Children's Theory Classes, it has been necessary to organize a new class. The first year class now meets with Mrs. Martin from eleven to twelve o'clock on Saturday morning, the second year class with Miss Kirby from nine to ten and the third year, from ten to eleven with Miss Sapio. New equipment in the way of furniture, charts and records have been ordered for the department. Every effort is being made to give the children advantages equal to those of a city conservatory. The third year class in no way duplicates the work of former years, as it includes elementary harmony, music history, study of folk music and the children are kept informed of current events in music by means of "scrap books."

The following additional prize winners at county and state contests are enrolled in the College of Music for advanced courses: Madeline King, Schuyler county, in the class of Mme. Colard; Goldie Snyder, Sangamon county, in the class of Mrs. Forrest; Rhoda Phillips, Fulton county, in the class of Director Pearson.

Suzanne Rinehart gave a program on Thursday afternoon at a meeting of the "Service Star Mothers."

Miss Horsburgh played a number of pieces at assembly held in the high school and David Prince school on Thursday morning.

Madame Colard was heard at the Friday meeting of the Rotary Club and her songs were most enthusiastically received.

The first of the series of Faculty Recitals will begin on Monday, Oct. 16, with Madame Colard, Danish Soprano. Songs will be rendered in Italian, Norwegian, German and English.

Three soloists will appear at the first concert of the Artists Series on Oct. 23. Florence Brinkman, pianist, has a brilliant reputation both in this country and in Europe. Her playing is characterized by faultless technique and powerful though singing tone. The charm of her art lies in the decided type of her simple, unaffected personality.

Alma Hays Reed, Soprano, has attained unusual success by her Chicago appearances, when both critics and audiences united in praise of her clear, powerful voice and finished interpretation. To this, she adds accurate enunciation and a charming stage presence.

Margaret O'Conner, harpist, is still in her early twenties and her acknowledged mastery of that most difficult of stringed instruments, the harp, is the more remarkable because of her youth. She has been on the concert stage since 1912. A dominant feature of Miss O'Conner's work is a tone of surprising strength and volume, coupled with beauty and a wide range of expression. Her interpretations show splendid musicianship and her mastery technique combined with her delicacy of touch, stamp her as a true artist.

**THE COLLAPSE OF
THE COAL COMBINE**

In the Fort Dearborn Independent, Henry Ford tells editorially how he won his controversy with the coal operators: The Collapse of the Coal Combine
"For the present, industry seems to have put a crimp into the plans of the coal controllers for a wholesale looting of the public. A single protest brought the unholy edifice of price exploitation tumbling about the profiters' heads. The protest was as much always expected, viciously misinterpreted. The sob cry was diligently persisted in by the capitalist organs until it became positively nauseating. Interests that had deliberately arranged to wring the last dollar out of the families of America by maintaining all thru the winter the menace of empty bins and fireless homes, were suddenly consumed with sympathy for the poor workingman when industries closed down in protest rather than submit to the unspeakably wicked robbery which had been designed upon the American people."

"Interests that would have kept the country on curbed fires and would have made fuel the biggest item in this winter's family budget, pretended to be melted into pity for the poor employees who sacrificed \$25 in wages to save \$150 on their coal bill. It is the typical old bunk, but this year it was very badly stage-managed, in that it was directed against the wrong target."

"The effect of the industrial protest was immediately felt. At the time the warning was given that in three weeks a manna of industry would have to close unless coal conditions improved, coal was selling to manufacturers at as high as \$9 a ton. When the announcement was made, the price wavered a little. Then came the cry that it was only 'bluff,' a cry which arises in the same quarters whence the 'sympathy' cry afterward came, and for the moment the high coal price was strengthened again. Then, as the earnestness of the protest became apparent (nothing is harder for the exploiters to understand than a straightforward honest statement) a break became noticeable. Coal climbed down to \$8 and \$7. The Saturday of the shutdown it reached \$6.50. On Monday it was \$5.50. On Tuesday it was \$4.50. A week later, at this writing, it is offered at \$3. If bought on contract (which also plays into the hands of the profiteers) it can be had at \$2.50. And mountains of coal at that."

"This rapid collapse of prices show the artificial nature of the whole situation. There was always plenty of coal. The scarcity was make-believe. The only dangerous moment came when the government created a real scarcity by announcing 'control' of distribution. The coal problem then became an acute transportation problem. When, as a further result of the industrial protest, the government took its hand off and ceased creating a situation which best suited the gougers, dealers, the retreat became a rout, the decline became a collapse."

"There still remains the domestic situation. Big Business could, of course, see that the domestic consumer gets just as immediate an advantage as industry has gained. It is hoped that coal dealers' associations will see the handwriting on the wall and not lean too trustfully on the helplessness of the unorganized and leaderless public. There is a way to make Big Business the friend of the household in this situation, and if it is once necessary to do so, it will be goodby to some things that now exist."

Florence Hot Blast, the smokeless stove, the greatest soft coal heater. It will save its price in the cost of coal in a few years and give you unlimited heat.

Ladies Aid of M. E. Church—Clears Goodly Sum at Recent Chicken Fry—Other Murrayville News Notes.

Murrayville, Oct. 14.—The chicken fry given Thursday evening by the Ladies' Aid society in the church basement was a grand success both in a social and financial way, as a nice sum was added to the treasury. Quite a number from out of town were present among whom were several of the candidates and their wives from Jacksonville; Senator John A. Wheeler, and Mrs. E. E. Hamlin, an Anti-Saloon League representative from Springfield, and a number of others whose names we failed to learn. During the evening a splendid program was given and music was furnished by Wyatt's orchestra which added greatly to the occasion.

Mr. and Mrs. E. R. Clemmons of Centralia, motored here and spent the week end with the latter's parents, Mr. and Mrs. H. U. Osborne.

Mr. and Mrs. Harry Cade and family are enjoying a visit this week from Mrs. Cade's mother, Mrs. Anna McCarty of Manchester.

Henry Cain of Roodhouse was a business visitor here Wednesday.

Warren Wright and George Kennedy attended the Masonic grand lodge in session in Chicago this week.

Miss Elizabeth Connolly has been employed as assistant principal in the high school, to fill the vacancy caused by the resignation of Miss Sylvia Clark.

J. N. Osborne who sustained painful injuries from a fall Saturday, has been suffering this week, from asthma.

Miss Clara Millard has been teaching school this week for Chester Colton at Woodson while he is attending the grand lodge of the Masons at Chicago.

Mrs. Mary Blakeman and daughter, Miss Maude were guests Thursday of Mrs. Blakeman's daughter, Mrs. George Lewis and husband of near Woodson.

Master Byron Beadles spent last week with his grandparents, Mr. and Mrs. Charles Greenwalt of Jacksonville.

C. A. Boruff of Jacksonville visited his parents, Mr. and Mrs. John Boruff Tuesday night.

Stock Market Situation

WELLESLEY HILLS, Mass., Oct. 14.—Readers should not be surprised—according to Roger W. Babson—because of the recent action of the stock market. When interviewed in Wellesley regarding the matter, Mr. Babson today said the seriousness of the European situation is greater than most people realize.

"It is really surprising that the stock market has held up so well during the past two weeks. Of course the break was due to the gravity of the Turkish situation which was understood only by the big bankers in New York. The real facts are that France is today in quite a similar position as that held by Germany in 1914.

"The real seriousness of the danger has somehow been hidden. The change has come swiftly. A few weeks ago England was in the saddle. At conferences she was the dictator. She did the talking and France did the worrying. Today the situation is just the reverse. England is now in a hole. France deliberately put her there.

"England alone of all European nations has stood for law and order. She alone has stood for the payment of debts, and the fulfillment of obligations. Germany and Austria are bankrupt. Chaos reigns in Russia. Italy is on the verge of bankruptcy. France is compromising. England is the only country who has told us that she will pay her debts with interest.

"England's policy with Germany has been in opposition to that of France. England has wanted to get for France as much out of Germany as possible without killing the goose that laid the golden eggs. France was for killing the goose, but still for demanding the eggs. England was Europe's big brother and upon her the financial world has relied.

"Today England is faced with fighting Europe because she stands practically alone. The new government of Greece is not with her. Germany alone, in case of war, is her only possible ally. The Germany of today is not on friendly terms with the Turkey of today. Should, however, Germany go in with England, there would have to be an entirely new interpretation placed on many European relationships and the problems of those relationships. There is the matter of reparations for instance. All international finances would be upset.

"Yet, England stands practically alone. Italy will back Turkey. Russia will back Turkey. And, of course, France will back Turkey. Hence it must be kept clear that the real issue is not between Great Britain and Turkey, but between Great Britain and France. France has been backing Greece. Turkey and Greece, however, have been but pawns on the chessboard.

"When the last war was on, Russia was promised Constantinople. Russia withdrew. Then it was decided to keep Constantinople free, out of the power of either France or England. England slowly got a bit of the upper hand. This hurt the pride of France who patiently awaited her opportunity. Last month it came. Then France played her cards. In a few hours the entire European situation changed. Today France holds the trumps.

"It is not merely a war on paper, remember. Turkey is fortifying herself by putting guns and troops at strategic points. Frankly, England is in a hole and this is what caused the stock market to break and foreign bonds to tumble. Her own people are against war. There is the memory of the recent bloodshed. There is still the warning mark of great sorrow. An Englishman, too, cannot see himself going to Turkey to fight. When Germany thundered in Europe right at England's door, the English Tommy was on fire to fight. But today it is different. The Englishman remembers sadly what happened at Gallipoli. He remembers the fearful cost of conquering a few Boers in South Africa. He knows that there are over 200,000,000 Mohammedans at Turkey's back door.

"Even the Englishman, who hasn't a son that is already lost or a son to lose, has taxes to pay. England, with her intention of paying her debts, is the only European country that really taxed her people severely. The ordinary English tradesman is up to his chin in taxes. (England has the highest tax rate in the world.) He is not eager for more, the weight of which would almost break him. This is the proposition with which England is faced. She has either got to fight the Turks at a tremendous cost of men and money, without the full co-operation of her own people, or else she has to lose India, Egypt, Persia, and the Holy Land. Do you wonder the stock markets broke?

"What will happen? I do not know; but what ever happens, there will be no check on business. The farmer will be helped by higher prices for wheat. Manufacturing and shipping will become more active. The cost of living will go up. Money will be scarcer. People will sell their foreign securities. The stock market, however, will not permanently suffer. When the financial history of 1922 is written, this will be chronicled only as a 'break in a bull market.' Moreover, the writers will add: 'Considering the great seriousness of the Turkish situation, it is most surprising that the stock market has behaved so well. Only the fact that business was not inflated but was still 6 points below normal saved the situation. Had the nation in 1922 been enjoying a period of real prosperity, there would have been witnessed a real old-fashioned panic.'

Run-Down Women Face to Face With Old Age!

Blood-Power Builds Nerve-Power, Strength, Endurance, Energy, Girlish Charm! S. S. S. Is Remarkable in Building Blood-Power and Nerve-Power!

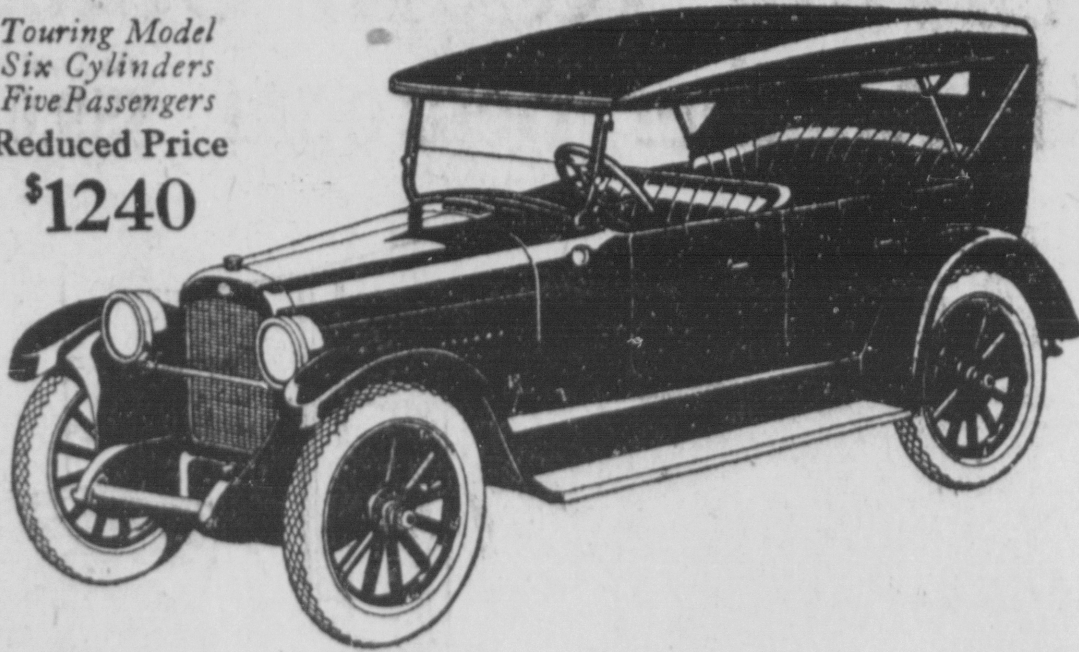

She is not 40 in years yet but she is run-down, exhausted and that is just what old age is. S. S. S. will build up your blood-power. This gives strength always!

Madam, this truth may give you the "creeps." Shoulder as you will, this fact stares you in the face! You cannot deny it! If you face the fact, you can add glorious strength to your weakened body. You can add sweeter years to your life, and bring back some of the glorious charm of your girlhood days! But if you refuse to believe it, then no power on earth can help you! When you are exhausted, when you feel like "flopping down" on every seat you come to, that very thing you feel is nothing but early old age. Exhaustion and old age are practically the same thing. Both mean a "wearing out." The number of years you have spent on earth has nothing to do with the way you feel! Remember this, the number of blood-cells you have controls your nerves, your vitality, your health and strength! It is all you have! The answer then is, build up your blood-power! S. S. S. has been used since 1823 as one of the greatest blood-cell builders known! It contains only vegetable medicinal ingredients. It is also a remarkable blood purifier. This is why it has proven such startling results in rheumatic conditions, in stopping pimples, eczema, skin eruptions, in clearing and beautifying the complexion, and in building up thin, worn out men and women, and in building great nerve power! You are only as strong as your blood! Stronger and more youthful nerves depend on blood-power! Stronger blood shows at once in your face, in the strength of every organ. S. S. S. will give you great energy, strength and more youthful appearance. Stop getting old before your time! S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

WOMAN'S COLLEGE NOTES

The Founders' Day celebration which was held Tuesday, October 10, was the most successful in the history of these celebrations. Not only was the celebration carried on most successfully in Jacksonville but all over the country it was the one purpose of the delightful gatherings which met in various centers. Even individual former students and alumnae celebrated the event in their own home with the candle lighting plan. The local papers have already given a full notice of the event here at the college.

President Harker is continuing his talk on the early history of the college, and in the lecture Friday morning told the students of the three disastrous fires in the early days. He also showed them the stone mason's hammer which was used by the father of the late Dr. James P. Willard. This hammer was used on the first foundation stones which went into the original buildings. It is the plan of President Harker and the trustees to preserve these valuable relics in a safe and permanent place in the library.

The former students and friends in Jacksonville were greatly shocked to learn of the death of Mrs. Marie Johnson Harris, who died in Poplar Grove, Mo., a few days ago. Mrs. Harris was a very popular student here at the college and was well known in Jacksonville.

Professor Neville entertained the Seniors at the residence of Miss Eleanor Thompson, 1826 West State, last Monday afternoon at a delightful tea.

A most interesting book entitled "Parks and Memorials of the State of Illinois" compiled by C. M. Service,

work of the group. Following the luncheon the moving picture, "A Maker of Men," will be shown in the auditorium. This is one of the finest pictures ever produced and the opportunity to see it should not be missed. No admission will be charged, but an offering will be received to help pay for the film. There should be a full attendance for this great picture. It will be shown Monday evening at 7:30. The School of Religion holds its first session for study Tuesday evening at 7:30 at the Woman's College. Some very strong courses have been added to those offered last year and the prospect is bright for a very profitable winter's study.

Grace Methodist Episcopal church, Thos. H. Tull, pastor. 9:30 a. m. Sunday school, T. V. Hopper, superintendent. Rev. James V. Thompson of the Sunday school board will be with us at both Sunday school and the hour of public worship. He will be a great inspiration to all our Sunday school workers and the entire body of Sunday school officers and teachers should remain to hear his address to be given at the regular preaching hour, 6:30 p. m. Epworth League. All young people will find a warm welcome, and will find ample opportunity, pleasure, profit and service 7:30 evening worship. Theme of sermon, "Is It Nothing to You?" Special music by the choir at both morning and evening service, under the leadership of Prof. Henry Ward Pearson, organist and choir master. The annual meeting of laymen and ministers will be held at Centenary church, beginning at 2 o'clock. Young People's meeting at 6:30. All members of Epworth league cabinets expected to attend. After the social hour the great motion picture, "A Maker of Men" will be shown. In order to meet expenses a special offering will be received at this service. This picture will also be shown Tuesday evening at Grace church. The school of religion will hold its first session Tuesday evening at the Woman's college, beginning promptly at 7:30.

has been added to the library. This book will meet a most urgent demand for information about the State Parks and places of historic interest. The Young Woman's Christian Association will give its annual breakfast on Monday morning, October 15. The Belles Lettres Society will have their breakfast the same day at the Colonial Inn.

Miss Margaret Hamilton, who has charge of the swimming in the department of Physical Education, is planning for an exhibition to be given by Colonel Longfellow, who is famous internationally because of his ability along all lines of aquatic sports, as well as being an authority in all methods of life saving. Mr. Longfellow is examiner in the department of the Red Cross. The time of the exhibition has not been fully settled, but more complete announcement will be made later.

Soccer, Hockey, Volley Ball and Tennis are among the outdoor sports that occupy the attention of the students. A tennis tournament is now being carried on and it is creating a great deal of interest. A number of the students are interested in golf and have been taking advantage of the municipal course at Nichols park. The Juniors will entertain the Freshmen Saturday evening in the gymnasium.

A Roomy Sedan of Sturdy Strength

6 Cylinders—50 Horsepower—5 Passenger—\$1465

The price of the Jewett Sedan is so astonishingly low that unless one has personal knowledge of the character and quality of this car of amazing value, a false classification is not an unnatural impression.

The Jewett is not a "light six" Sedan. It is a roomy, powerful, five-passenger enclosed car of distinction. It is powered with a six cylinder, 3 1/4 x 5 inch motor installed in a husky chassis in which every unit is built for excess strength.

Here is a Sedan that can be matched only by enclosed cars selling for at least \$500 more than the Jewett. This is a statement certainly worth investigating. You can prove its validity by a demonstration which will be arranged to suit your convenience.

HORSES AND MULES

By Associated Press. East St. Louis, Ill., Oct. 14.—Horses and mules unchanged.

By Associated Press. NEW YORK, Oct. 14.—Good buying power developed in today's brief and active stock market with the result that a number of issues, including U. S. Steel common were carried to new high records for the year. The stocks favored by traders were generally those of companies possessing huge surpluses available for distribution or likely to increase or resume dividend payments.

U. S. Steel, common, touched 109 1/2, the closing price. Activity of this stock was associated with a renewal of rumors concerning possible declaration of a stock dividend. Other steels advanced in sympathy.

American Locomotive and General Electric each established new peak prices during the session, the net gain in the latter amounting to nearly 4 points.

Mexican Petroleum fluctuated within a range of nearly 3 points, closing at a net loss of 3 1/2, after having established a new top price of 207 1/2.

The Pan-American issues also broke thru to new highs and then yielded below last night's figures on heavy selling pressure. Standard Oil of New Jersey got above 220 but succumbed with the rest of the oil shares closing at a net loss of 13.

Rail shares, especially the preferred issues continued to be in good demand.

Good improvement was noted in Missouri Pacific preferred and Baltimore & Ohio.

Total sales were 602,000 shares.

Foreign exchange rates were irregular.

Sterling continued strong on light offerings of grain bills.

Changes in most of the other European rates were unimportant. German marks were down to 3 1/2 a hundred.

The weekly clearing house statement showed a decrease of \$47,387,000 in loans, discounts and investments of member banks and an increase of \$21,962,000 in the reserve in the federal reserve bank.

Net demand deposits increased 13,451,000 dollars and there was a decrease of \$20,010,000 in time deposits. For the first time in several weeks there was a deficit in reserve amounting to \$2,322,280.

FARM BUREAU
NOTES

P. O. Hurley, agricultural agent for the Baltimore and Ohio railroad with headquarters at Cincinnati, was in the county Saturday in the search of White Rock pullets to be used in the Boys and Girls club work along the right of way of that road. They began work by giving out 45 eggs from pure bred flocks to each boy and girl who would bring in 45 ordinary eggs from the farm. In addition the boys and girls received five eggs extra to make up for breakage. This fall in the southern counties, they had a show and each boy and girl had to show seven birds. They received ribbons cash prizes ranging from \$1.00 to \$5.00.

They are now going to go further and put on an egg laying contest using ten pullets for each contestant. Where the boy or girl does not have ten pullets, a White Rock pullet is given in exchange for the poorest culled hen or rooster from the farm. The winner of this contest will get a \$100.00 scholarship at the University of Illinois or a week's trip to the city of Washington where he or she will get to visit the white house, Mt. Vernon and Secretary Wallace.

They propose to keep up this work for three years. The railroad is doing this in order to promote good fellowship along the right of way.

While here Mr. Hurley explained the plan to the boys and girls who were at the farm bureau office Saturday afternoon. D. T. Heimlich is assisting him to locate the White Rock pullets.

The Farm Bureau has just received some very fine charts on Dairying and Home conveniences prepared by the International Harvester company. These are going to be used in some of our community meetings.

Heat where you want it and when you need it at little cost with a Barler or Perfection Oil Heater, \$6.75 and up.—BRADY BROS.

IN STATE OF ILLINOIS.

September building contracts in Chicago amounted to \$11,588,300 according to the F. W. Dodge company; in the State of Illinois (including Chicago), \$28,949,200. The city ran 7 per cent behind the previous month and 7 per cent behind the corresponding month of last year; the state ran 23 per cent ahead of August and 31 per cent ahead of September, 1921.

During the first nine months of this year the city has started 25 per cent more construction than in the entire year of 1921; the state 12 per cent more. Compare the first nine months of the two years, the city is 74 per cent ahead of last year, and the state is 50 per cent ahead.

Fifty per cent of this year's construction in Chicago has been for residential buildings, amounting to \$67,641,200. This is one-third more than the total residential construction of last year. The state has run ahead of last year's entire residential construction by 32 per cent, running up a total in nine months equal to \$91,837,900, which is 41 per cent of the total construction in all classes.
